ASA CANDLER ANSWERS CALL

Beverage Maker Reached Seventy-eighth Year

Death Comes After Several Years of Illness

Business Sold Ten Years Ago for \$25,000,000

ASA C. CANDLER

ATLANTA (Ga.) March 12. (AP)—Asa G. Candler, Atlanta capitalist and founder of the Coca Cola Company, died at Wesley Memorial Hospital here today after a long illness. He was 78 years of age.

The soft-drink magnate had been in poor health several years, the last two and a half of which he spent in the hospital which he endowed.

Known widely for his philanthropies and public benefactions, Mr. Candler retired as active head of the Coca Cola Company eighteen years ago and was succeeded by a son, Charles H. Candler. The business was sold ten years ago to the present operating concern, the Coca Cola Company of Delaware for \$25,000,000.

Mr. Candler was born December 30, 1851, on a farm near Villa Rica, Ga., the son of Samuel Charles and Martha Beall Candler. The family was of Irish descent, tracing to a William Candler of Callan Castle, Ireland, January 15, 1878, he married Miss Lucy Howard, a daughter of his first Atlanta employer. They had five children. Mrs. Candler died in February, 1919. In 1923 Mr. Candler became engaged to Mrs. Onestina DeBouchet of New Orleans, but later he broke off the engagement and was sued for \$500,000 damages. Trial of the action took place at Atlanta and resulted in judgment in favor of Mr. Candler. In 1923 he married Mrs. Mary Little Hagan of Atlanta, a widow with two children.

Starting with virtually nothing, Mr. Candler accumulated a fortune which eventually was rated as one of the largest in the South. One reason he had amassed his fortune he gave generously to worthy causes in the South and a number of times put his money to use in aid of his home city and State. He went to the rescue of the South generally in 1914, when the outbreak of the World War cut off the European market.

ELECTIONEERING BREVITY URGED

Gen. Harbord Would Shorten Presidential Campaigns to Six Weeks or Less

NEW YORK, March 12. (AP)—A proposal for short Presidential campaigns instead of the usual long-drawn out quadrennial fights was made today by Gen. James G. Harbord, president of the Radio Corporation of America.

Declaring that the prolonged months of Presidential balloting is only a survival of the limitations of stage coach days, he suggested that the national committees of the two major parties by deferring convention dates could shorten to six weeks or less the prevailing length of campaigns with its consequent "demoralization and interruptions of business and heavy expenses."

Known widely for his philanthropies and public benefactions, Mr. Candler retired as active head of the Coca Cola Company eighteen years ago and was succeeded by a son, Charles H. Candler. The business was sold ten years ago to the present operating concern, the Coca Cola Company of Delaware for \$25,000,000.

Mr. Candler was born December 30, 1851, on a farm near Villa Rica, Ga., the son of Samuel Charles and Martha Beall Candler. The family was of Irish descent, tracing to a William Candler of Callan Castle, Ireland, January 15, 1878, he married Miss Lucy Howard, a daughter of his first Atlanta employer. They had five children. Mrs. Candler died in February, 1919. In 1923 Mr. Candler became engaged to Mrs. Onestina DeBouchet of New Orleans, but later he broke off the engagement and was sued for \$500,000 damages. Trial of the action took place at Atlanta and resulted in judgment in favor of Mr. Candler. In 1923 he married Mrs. Mary Little Hagan of Atlanta, a widow with two children.

Starting with virtually nothing, Mr. Candler accumulated a fortune which eventually was rated as one of the largest in the South. One reason he had amassed his fortune he gave generously to worthy causes in the South and a number of times put his money to use in aid of his home city and State. He went to the rescue of the South generally in 1914, when the outbreak of the World War cut off the European market.

MOTHER KILLS SELF AND CHILD

Woman at Carmel Uses Gun to Prevent Separation

Daughter About to Go Away With Foster Parent

Girl Long Had Lived With Beverly Hills Family

CARMEL, March 12. (AP)—Choosing to die rather than give up her 11-year-old daughter to a foster mother, Mrs. Barbara Smartt, 35 years of age, fatally shot the child and then ended her own life in her Carmel home today.

The shooting occurred as the daughter, Barbara Collins, was about to leave for Los Angeles with her foster mother, Mrs. Mabel Collins, proprietress of a Beverly Hills tea room.

Monday night when Mrs. Collins arrived to take Barbara back to Los Angeles she was allowed to decide whether she would remain with Mrs. Smartt or leave with Mrs. Collins. She chose the latter course.

Known widely for his philanthropies and public benefactions, Mr. Candler retired as active head of the Coca Cola Company eighteen years ago and was succeeded by a son, Charles H. Candler. The business was sold ten years ago to the present operating concern, the Coca Cola Company of Delaware for \$25,000,000.

Mr. Candler was born December 30, 1851, on a farm near Villa Rica, Ga., the son of Samuel Charles and Martha Beall Candler. The family was of Irish descent, tracing to a William Candler of Callan Castle, Ireland, January 15, 1878, he married Miss Lucy Howard, a daughter of his first Atlanta employer. They had five children. Mrs. Candler died in February, 1919. In 1923 Mr. Candler became engaged to Mrs. Onestina DeBouchet of New Orleans, but later he broke off the engagement and was sued for \$500,000 damages. Trial of the action took place at Atlanta and resulted in judgment in favor of Mr. Candler. In 1923 he married Mrs. Mary Little Hagan of Atlanta, a widow with two children.

Starting with virtually nothing, Mr. Candler accumulated a fortune which eventually was rated as one of the largest in the South. One reason he had amassed his fortune he gave generously to worthy causes in the South and a number of times put his money to use in aid of his home city and State. He went to the rescue of the South generally in 1914, when the outbreak of the World War cut off the European market.

The Finest Outlook in all Southland!

TO the average city dweller, a front lawn is merely that tiny strip of turf reaching to the sidewalk. The horizon... a line of roofs across the street. Can even the costliest home escape monotony in such a cramped environment?

How different is home-life in Miramar Estates! Here, gracing the hillside that gently slopes in irregular lines down to the sea, every home looks out upon the most beautiful vista in Southern California. Charming homes they are, with wide and airy intervals between, flecked with colorful flower gardens. To the rear, sheltering green hills; to the right and left, deep canyons that whisper of romance; below, the ever-changing ocean, stretching out as far as the eye can see. Here, in one sweeping view, is blended the choicest scenery California has to offer. Always you will have this unobstructed view in Miramar Estates. Restrictions make it impossible for commercialism ever to encroach upon your home-life. But residential properties with an ocean view... inside the city limits of Los Angeles... are becoming scarce. Soon they will vanish from the market. Miramar is one of the last. See Miramar now.

TO REACH MIRAMAR ESTATES, drive out Beverly Boulevard to the entrance, 100 feet from the ocean

HAL SMITH

FURNITURE OF DISTINCTION—300 North Vermont—Corner Beverly

BUY UP REAL ESTATE

In addition to his gifts to charity, which aggregated several million dollars, Mr. Candler's life was characterized by numerous instances of practical altruism—acts which in their inception appeared like tossing away money for the benefit of the public. During the money panic of 1907 he offered to purchase from business men property they wished to sell, not at panic prices, but at the peak prices preceding that period. As a result he paid out \$1,100,000 in cash for Atlanta real estate without demanding any sacrifice from the owners. When the World War cut off the European cotton market and the price dropped to 6 cents a pound, Mr. Candler went to the rescue of the southern cotton growers, announcing his readiness to lend on cotton up to \$30,000,000 on the basis of 6 cents a pound. After a large portion of the amount had been distributed he took off the limit and offered to lend as much as the South needed to borrow. In 1915 Georgia found it necessary to refinance an old bond issue, one authorized by the carpet-bagger government and which had been repudiated by the State during the reconstruction days after the Civil War. Mr. Candler offered to take the entire issue, \$3,850,000 at par, an unprecedented action in the South on the part of an individual.

SAVES RIVAL BANK

At another time Mr. Candler as credited with having saved a rival bank, one of the best in Atlanta, from liquidation by purchasing its entire capital stock and later selling it back to the former owners when conditions improved. Mr. Candler was elected Mayor of Atlanta for the term 1917-1918, and during his administration loaned the city \$300,000 to enlarge and improve the city water system. No municipal funds were available for the purpose and he advanced the money without waiting for the formal agreement by the city to repay it. Mr. Candler was actively interested in the Methodist church and his largest charitable gifts were to the church and its agencies. The latter included "New University, Wesley Memorial Hospital and Wesley Memorial Methodist Church.

SHERIFF'S GALLERY

REAL HALL OF FAME

SAN FRANCISCO, March 12. (Exclusive)—Plans are under way for the establishment of an identification bureau in the Sheriff's office in which listing will be an honor instead of a dishonor. Under Sheriff Spaulding has asked the cooperation of the public in collecting photographs and a short personal history of all the sheriffs who served San Francisco County between 1850 and 1910, so they may be added to a collection. Spaulding has the names of twenty-four such men.

Dixie Job Sale Quiz to Reopen

JACKSON (Miss.) March 12. (AP)—Hearing of Federal patronage charges against Perry W. Howard, Republican national committeeman of Mississippi, and five others is scheduled to be resumed at the meridian term of court which opens on the 15th.

Howard, S. D. Redmond and Ed L. Patton, negro Republican leaders, and three of the defendants acquitted at the December session here of charges of conspiracy to sell the marshland for Southern Mississippi to A. F. Russell of Magee for \$1500, will face similar charges involving asserted solicitations from James G. Buchanan for the same office.

Another Liner in Quarantine

SEATTLE, March 12. (AP)—As a precautionary measure to prevent another outbreak of spinal meningitis here, 336 third-class passengers and crew members of the liner President Madison are in quarantine today at Diamond Head, near Port Townsend, following an order by health authorities last night.

Two weeks ago the American Mail liner President Lincoln, operated by the same company as the President Madison, arrived here with twelve cases of the disease. Of those affected six persons have died. The President Madison docked at Victoria yesterday with the bodies of two Filipino steerage passengers who had succumbed to spinal meningitis on the trip from the Orient, one day out from Victoria.

CHICAGO LAW SCHOOL GETS WILSON FUNDS

CHICAGO, March 12. (AP)—The memory of John P. Wilson, Chicago lawyer, who died in 1922, is to be perpetuated by a \$400,000 endowment fund to the University of Chicago law school, the largest single gift the school ever has received. Income from the fund, which was presented by John P. Wilson, R. Dickinson, Santa Barbara, Cal., children of the lawyer, will be devoted to maintenance of a professorship of law.

DEMOCRATS TO SHARE REWARDS

Hoover Men in South Will Get Recognition

Leaders to Have Places on Patronage Committees

Job Distribution Cause of Mann's Retirement

WASHINGTON, March 12. (AP)—Recognition of the leaders of the Hoover Democrats of the south in the matter of Federal appointments in that section is likely to be adopted by President Hoover as a cardinal policy.

There also are indications that in the eastern and western States the regular organization leaders will be required to consult on appointments those who had charge of the Hoover pre-convention campaign in those States where these men are not now identified with the regular State party leadership.

While there has been no formal announcement of the methods that are to be pursued in selecting Federal officers in the States south of the Mason and Dixon line, the general expectation is that this will be largely in the control of a committee for each State on which the Hoover Democrats will have membership, although by no means a majority.

TRIAL IN NEW YORK

The committee plan of handling patronage is being tried out in New York State, where Edmund H. Macdonald, State chairman, Charles D. Hill, Republican National Committee chairman, and William H. Hill, leader of the Independent Hoover-for-President organization, are functioning. A number of appointments, including three judgeships, are to be made in New York State, but so far as is known the committee has not yet made any recommendations.

The patronage situation in the South already has given the President considerable concern and has been an indirect cause, at least, of the retirement of Horace A. Mann, a Washington lawyer, from the political field as director of political affairs in the South for the President. A job he performed

SOUTH GETS HOOVER POSTS

Louisiana and Oklahoma G.O.P. Leaders Named; Moffett Keeps Aviation Place

WASHINGTON, March 12. (AP)—The part played by the South in the elevation of Herbert Hoover to the Presidency was accorded recognition by the Chief Executive today by the appointment of two men from southern States to posts in the "little cabinet."

Elliott Lee Jahncke of New Orleans was named assistant Secretary of the Navy and Patrick J. Hurley of Tulsa, Okla., was appointed assistant Secretary of War.

In reaching into the South for these appointments, Mr. Hoover is one case, that of Jahncke, went to a State which returned a plurality for his opponent, Gov. Smith, while Oklahoma, Hurley's State, gave the Republican ticket a safe margin.

OTHER CHANGES

In addition to making these two appointments, Mr. Hoover announced that Rear-Admiral William A. Moffett will continue as chief of the Naval Bureau of Aviation and it was learned at the same time that two changes are to be made in the bureau heads of the Interior Department. The resignation of Charles H. Burke as Commissioner of the Indian Bureau, who has been under the fire of members of Congress recently, is to be accepted, together with that of Commissioner Winfield Scott of the Pension Bureau. Mr. Hoover has not yet decided who their successors will be.

Hurley, who succeeds Charles D. Robbins in the War Department post, served with distinction in the World War as a major and later as a lieutenant-colonel, participating in the Alsace-Marne, the Meuse-Argonne and St. Mihiel operations. He was a delegate to the Republican National Convention.

Mr. Mann had worked out a rather elaborate plan for handling appointments, laying it first before the executive body of the Republican National Committee. That organization failed to act on it and Mr. Mann then took it to President Hoover.

The general understanding has been that Dr. Hubert Work, chairman of the Republican National Committee, opposed the Mann proposition, and after he had visited the White House late in the week, Mr. Mann issued a statement announcing his resignation.

Some of the Republican National Committee members for the southern States have been reported in active opposition to the Mann policy, several going so far as to say that Mr. Mann would have nothing to do with patronage in their States.

In some instances these committee members, presumably at the suggestion of high national leaders, have presented the names of those whom they would like to see on the committee for their States. In each instance, leaders of the Hoover Democrats have been included.

Recognition to this group in Texas already has been extended by the regular Republican organization under H. E. Croger, national committee chairman, and some of the Hoover Democrats in Texas have been endorsed by the Republican organization for high posts in the Federal service.

HOOVER CLOSES ALL OIL LANDS

Policy of Conservation Bars Prospectors

Only Congress Order Will Lift Restrictions

Senator Walsh Criticizes President's Action

(Continued from First Page)

the event the prospector discovers oil he has a preferential right to a limited acreage while it is mandatory on the Interior Secretary to call for bids for the lease of adjacent lands for exploitation purposes.

President Hoover determined on his policy after thorough consultation with Dr. Ray Lyman Wilbur, his new Secretary of the Interior. Law officers of the Interior Department have held that the leasing of the permits is entirely optional with the Interior Secretary and, of course, in the absence of prospecting permits there can be no additional leases.

DIFFERENT VIEW

On the other hand, some members of Congress have held that the intent of the 1920 act was to have the oil lands on the public domain developed and that the Secretary of the Interior should issue permits where application is made by responsible persons.

While almost as old as the law itself, this controversy never has been taken into the Federal courts for an interpretation of the 1920 act.

It was under this act that the vast development of the Salt Creek fields, adjacent to the Teapot Dome naval oil reserve in Wyoming, came about. Harry F. Sinclair, subsequently entered into a contract for the purchase of the government royalty oil from these fields and it was the renewal of this contract by Secretary Taft a year ago that led to a Department of Justice investigation and the canceling of the contract.

Two months after the general leasing act became law, Congress adopted an amendment to the naval appropriation bill giving the Secretary of the Navy authority to make leases on the naval oil reserves which had been set aside in Wyoming and California by President Taft and Wilson. It is asserted that the purpose was to enable the government to drill wells on the rims of the reserves to prevent their drainage by wells on adjacent territory.

FALL THEN ACTED

President Harding, soon after taking office, issued an executive order transferring the naval oil reserves from the Navy to the Interior Department.

CHAIR OF BEAUTY CURGED FOR YALE

Hairdressers Suggest Such a Department in New Institute

NEW YORK, March 12. (AP)—The American Master Hairdressers' Association desires Yale University to have a department of beauty in its \$1,500,000 institute for the study of human relations.

A letter from the association's secretary to the university stresses the tremendous role in the drama of life that beauty plays.

partment and Albert B. Fall, the then Interior Secretary, leased the whole reserves. Teapot Dome going to Harry F. Sinclair and the Elk Hills, Cal., naval field going to Edward L. Doheny.

The leases were investigated by the Senate and the Supreme Court later held them made under circumstances indicating fraud and corruption and ordered them canceled and the properties returned to the government, together with the value of all oil which had been extracted under their terms.

Criminal prosecutions of Doheny, Sinclair and Fall followed. Tried together in the District of Columbia Supreme Court, Doheny and Fall were acquitted of conspiracy by a jury. Sinclair subsequently was tried separately, Fall being unable to come here to face the court a second time because of illness, and the oil man was acquitted. The indictment against Fall still is pending.

NAVY IN CONTROL

After the decision of the Supreme Court that the Harding executive order for the transfer of the reserves to the Interior Department was invalid, President Coolidge issued an order revoking it and the Navy Department now is in full and complete control of the lands.

Since the General Leasing Act had no relation to the naval reserves case, permits under it were issued during both the Harding and Coolidge administrations and considerable areas of oil lands have been developed as result of explorations authorized by these permits.

On behalf of the Harding administration, it is asserted that there was a strict oil conservation policy and that the reserves were leased to prevent their drainage by wells on adjacent lands, with the oil conserved above ground.

President Coolidge also adopted a conservation policy, and appointed an oil conservation board, still in existence, to make a general survey of the oil situation, with present visible supplies, and estimated supplies for the future and to make report and recommendation for further conservation.

DAWES MAY BE BRITAIN ENVOY

Rumor Develops in Well Informed Circles

Ex-Vice-President Plans Trip to Europe in Summer

Appointments Held Up Until Stimson Arrives

WASHINGTON, March 12. (AP)—Charles Gates Dawes, who retired from the Vice-Presidency the 4th inst., is reported in well informed circles here to be under consideration as the next Ambassador from the United States to Great Britain.

The rumor lacks official confirmation, with President Hoover stating that he will make no appointments in the Diplomatic Corps pending the arrival here late this month of his new Secretary of State, Henry L. Stimson. The President, however, is known to have a very high regard for the ability of the Chicago banker and soldier, dating from their associations in France during the war.

REPORT STIRS INTEREST

Mr. Dawes, in his colorful career as army general in France, director of the budget and Vice-President, several times shocked officialdom here with his outspokenness and the rumor of his appointment to the highest diplomatic post was received today with unusual interest.

It is regarded, however, as well adapted for such service. In the days of reconstruction in Europe after the World War, Mr. Dawes headed the commission which settled the trying problem of German reparations.

Upon leaving the Vice-Presidency last week, Mr. Dawes returned to his Chicago bank. He has agreed to go soon to Santo Domingo on a commission to reorganize the fiscal affairs of that country, but little time is expected to be required in that.

HOUGHTON TO RETIRE

Mr. Dawes, however, has revealed he was making plans to return to Europe this summer. The intimation was that this was a personal visit but this is now linked with the rumor of his succession to the Court of St. James.

It is assumed here in the same connection that Alanson B. Houghton, the Ambassador to Great Britain, intends to retire from that post, if not from public life. Mr. Houghton resigned last summer when he was nominated as the Republican candidate for Senator from New York. He was defeated and after the election he was reappointed.

Take Care of Your Kidneys

Don't Neglect Kidney and Bladder Irregularities

HAS grip or flu left you stiff, achy—all weak out? Feel tired and drowsy—suffer nagging backache, headache and dizzy spells? Are the kidney excretions too frequent, scanty or burning? Too often this indicates sluggish kidneys and shouldn't be neglected.

Thousands rely on Doan's Pills. Doan's is a stimulant diuretic, increase the activity of the kidneys and assist in the elimination of waste impurities. Are endorsed everywhere. Ask your neighbor.

50,000 Users Endorse Doan's

Harry Norton, 5616 S. La Salle St., Chicago, Ill., writes: "After a severe cold, the kidney expresses itself in frequently and contained sediment. I had dizzy spells, headache and felt tired most of the time. I felt cold and numb, my back would hardly straighten because of the constant pressure. The use of Doan's Pills brought me quick relief and I can speak well of them."

Tires for the new Ford are specially made to give long wear

WHEN the new Ford was designed, it was immediately apparent that a new tire would have to be made to match the car's performance. It was distinctly a new problem, for here was a car with quicker acceleration, greater speed and more braking efficiency than any car of similar size or weight.

So that every Ford owner might be assured of maximum tire mileage at the lowest cost, the Ford Motor Company devoted many months to research and experiment in conjunction with the leading tire manufacturers.

As a result, certain definite specifications were developed for tires for the new Ford. These specify cords of certain strength and texture, a large volume of tread and side-wall rubber, sturdy non-skid design, and reinforced plies for protection against bruise breaks—all the strong features of construction formerly considered for only the largest tires.

Great care also was taken to secure the best riding qualities in connection with the transverse springs and Houdaille shock absorbers used on the new Ford.

Though the Ford tires are 30 x 4.50 in size, they have the real-foam and air space of much larger tires because of the drop center rim of the steel spoke wheels.

Another unusual feature of the new Ford tires is the provision for balancing the tire assembly. Every tire is marked on the sidewall with a red spot to show where the valve stem should be when the tube is inserted. This is just a little thing, but it assures a uniformly high standard of tire performance at all speeds.

For best results, the tires on the new Ford should be kept inflated to an air pressure of 35 pounds and checked regularly to insure this pressure all the time. This is important. Low inflation breaks down the side-walls of a tire. By causing overheating, it also destroys the rubber that acts as an insulation, with consequent separation of the cord.

At the end of each 5000 miles, when you have the front wheels packed with grease, it is a good plan to have the wheel alignment checked. This will prevent the possibility of premature wear of the tires.

When punctures come, as they will with any tire, you will find the Ford dealer particularly well-equipped to make repairs quickly and at small cost. See him, too, for replacements. Then you will be sure of getting tires built specially for the Ford car according to definite Ford specifications.

FORD MOTOR COMPANY

Hepner of Hollywood Beauty Advisor to the Movie World

agrees with Elise Bock of Berlin on this 2-minute complexion treatment

"Don't be afraid to wash your face," I tell my patrons, "if you use a real beauty soap, made of palm and olive oils. It keeps the skin refreshingly clean, yet it gently safeguards the most delicate complexion."

HEPNER, SALONS OF BEAUTÉ

LOS ANGELES, HOLLYWOOD, WASHINGTON, D. C., NEW YORK CITY

"Foundation cleansing—the daily elimination of all pore-clogging dust, powder and rouge—by one means and one means only, daily use of the soap blended of palm and olive oils . . . I urge all my clients to use it as well as my own Pasta Divina and Eber Cucumber Emulsion."

Elise Bock
BERLIN W. 138 KANTSTRASSE
ROME-FRANCE-VIENNA-SANTIAGO

THE smartest women of the Mid-European world take all their beauty problems to the celebrated Elise Bock of Berlin. Madame Bock's salons de beauté in Rome, Prague, Vienna and Santiago are well known to travelled women of fashion, who consult her constantly.

Known throughout the world

Many of our own lovely women go to Europe to discover the international fame of a beauty treatment which is already popular throughout America.

They go to Vienna and hear from Pest this same truth. Madame Jacobson, of London; Massé of Paris; Lina Cavallieri, of Paris—these are just a few of the more than five score outstanding international beauty specialists who advise twice-a-day use of a soap containing palm and olive oils. They recommend one soap—and one soap only—Palmolive!

Madam Bock has a special reason for stressing the importance of "foundation cleansing." Powder and rouge gradually work their way into the pores. Only a part remains on the surface. The rest combines with dust, dirt and oil. And soon, tiny, stubbornly hard masses form. Unless one washes the face this special way morning and evening—blackheads, pimples, dreaded blemishes appear.

A famous 2-minute rule

This is the 2-minute home beauty treatment Elise Bock herself would give you in her select studio de beauté:

Elise Bock, who is the directing genius of Premier Beauty establishments in Berlin, Rome, Vienna and Santiago.

All middle Europe takes the final refinements of beauty in this smart Berlin establishment, the elegant salon of Elise Bock, at 138 Kantstrasse. An old of Hightown City Beauty marks Bock's distinguished salon.

INDIAN SERVICE REFORM LISTED

Senate Committee Gets Recommendations

Bureau Official Shows Need of More Funds.

Many Measures Urged for Curbing Disease

WASHINGTON, March 12. (AP)—Recommendations for "constructive improvements" in the Indian service were submitted today to a Senate committee which has been investigating the government's treatment of the Indians by E. B. Meritt, assistant commissioner of the Indian Bureau.

In a letter to Chairman Fowler and his colleagues of the Senate Indian Affairs Committee, Meritt made the following suggestions:

Take the Indian service entirely out of politics.
Provide appropriations of \$25,000,000 a year instead of an average of \$10,000,000.
Provide a per capita appropriation of \$300 for Indian schools instead of \$200.
Advance reimbursable appropriations for worthy and ambitious Indian boys and girls for college courses.

HEALTH MEASURE
Provide an adequate appropriation for repair of agency and school buildings, for furniture and equipment, for at least twenty-five more hospitals, five of them to be located in Oklahoma, ten tuberculosis sanatoria, and for 200 additional field nurses.
Employ larger trained force of trachoma and tuberculosis experts and fifty more physicians provided with automobiles.
Construct several sanatorium schools to provide for tubercular Indian children now out of school.
Employ Indian girl graduates of nurses' training schools on Indian reservations.

Provide an appropriation to purchase dairy stock, barns and feed to furnish at least one quart of milk per day for all Indian school children.
FINANCE HOMES
Provide reimbursable appropriations for construction of new homes for Indians and improvement of old ones.
Enact legislation to wind up the affairs of the five civilized tribes in Oklahoma, Texas, Missouri and Florida. Honolulu offered to pay all the club's expenses, but we trained here last year and I remember the sunny days and splendid outdoor weather."

Engage more and better equipped and paid educational leaders to supervise and conduct Indian school. Encourage Indians to have local organizations for self-improvement. Establish community bathhouses and laundries in thickly populated Indian communities.

NO MORE ALLOTMENTS
Alter existing allotment laws and make no further allotments on reservations under the present law. Enact legislation for relief of Indians who are wards of the government, but who do not reside on Indian reservations.

Meritt said that while his recommendations "indicate considerable need for additional funds," he believed that the "funds now appropriated by Congress are economically, judiciously and efficiently administered and more have been accomplished for the Indians of this country during the last eight years than ever before in a similar period."

"With the help of your committee and Congress," he said, "this progress can be intensified and made permanent and outstanding."

Woman Novelist Dies in England

LONDON, March 12. (AP)—Mrs. Florence Warden, novelist, who wrote "The House on the Marsh" and many other popular works, died last night. She was 71 years of age. Miss Warden was born in Middlesex in 1857 and was on the stage from 1880 until 1888.

Among her books were "A Prince of Darkness," "A Passage Through Bohemia," "The Gray Moth" and "Little." She also wrote several plays which were produced in London.

Widow to Wed League Attache

GENEVA, March 12. (AP)—Mrs. Olive Crosby Whitin of New York and Whitin, widow of the late Gerald O. H. Abraham, British member of the League of Nations' political section, are to be married here this month.
Mrs. Whitin, who is a native of Boston and the widow of Frederick H. Whitin, has been liaison officer between the League and American visitors to Geneva and in charge of the work of the American committee of the Geneva Institute of International Relations.

Hold-ups Seize License Money

MADISON (Wis.) March 12. (AP)—Two men held up the messenger of the Wisconsin Automobile License Division in front of the office in the Capitol Annex today and took \$10,000, mostly in checks and money orders. Officials said about \$2000 in cash was taken.
Robert J. Siebeck, assistant Secretary of State, said the loss was covered by insurance.

Quebec's Booze Signs Doomed

MONTREAL (Que.) March 12. (Exclusive)—The huge well-known beer and liquor signs along the highways of Quebec that greet thirty American motorists as they speed up here by the thousands yearly are to be taken down by order of the provincial government. A bill is being passed by the Legislature for the purpose. Beautification of the countryside is the motive.

COUNSELORS OF DIVORCE APPOINTED

New York Presbyterians Name Board to Pass Upon Marriage of Divorcees

NEW YORK, March 12. (AP)—Five "counselors of divorce," to rule on the remarriage of divorced persons, have been appointed by the presbytery of New York to replace a committee appointed for that purpose about a year ago.

Clergymen asked to perform marriage ceremonies in which either of the contracting parties is divorced will be asked to consult a counselor if in doubt whether the grounds for the divorce were of a nature that the Presbyterian church would permit remarriage. The minister would not be obligated to accept the counselor's decision, but by going against it would subject himself to be called to account by the ecclesiastical authorities.

The appointment of a committee of three was found unsatisfactory because meetings were required and often it was difficult to get the members together in time to act.

Kin Fight Over Actor's Estate

NEW YORK, March 12. (AP)—A contest over the right to administer the \$25,000 estate of Wallace Eddinger, actor, became known today with the filing of letters of administration by both his mother and his widow. Eddinger died in Pittsburgh last January and left no will.

In the usual course the widow would have the right to administer the estate, but Miss Lawrence had filed divorce proceedings just before her husband's death. For this reason the mother, Mrs. Lawrence Eddinger, charges Miss Lawrence forfeited her right. Miss Lawrence's attorney declares, as she still was the wife of the actor at the time of his death, she is entitled to letters of administration. The case will be heard in Surrogate's Court on the 20th inst.

NEVADA LANDS TO BE OPEN TO HOMESTEADER

WASHINGTON, March 12. (AP)—The Department of the Interior announced today that approximately 4,500 acres of unreserved and unappropriated public land in Elko and Eureka counties, Nevada, will be opened to homestead and desert land entry on May 1 at the United States Land Office, Carson City.

AUTO CRASH FATAL
STOCKTON, March 12. (AP)—Edward Rydberg was killed instantly and his companion, J. E. Bates, severely injured last night near Sonoma when Bates' car crashed into a high embankment. Bates, a mining man, is in a Sonoma hospital. Rydberg leaves his widow and four children at Cooperstown, Tuolumne county, a mother and a brother.

Are You Protected?

- It Pays "5 Ways"
1. PAYS YOU FOR ACCIDENT \$200 a month for total disability and \$100 a month for partial disability. Also \$10,000 for loss of hands, feet or sight.
 2. PAYS YOU FOR SICKNESS \$200 a month while totally disabled.
 3. PAYS YOU FOR PERMANENT TOTAL DISABILITY \$3900 for the first year and \$150 per month thereafter during such disability for life, plus \$10,000 cash at age 65. All life premiums waived during permanent disability.
 4. PAYS YOU \$10,000 Cash at age 65. Pays earlier if you let your dividends accumulate.
 5. PAYS YOUR BENEFICIARY \$10,000 Cash if you die before you are 65, or \$20,000 cash if accidentally killed.

WHAT protection have you made against life's 5 worst enemies—sickness, accident, permanent disability, old age and death? Are you armed to combat them?

Pacific Mutual "5-way" insurance guarantees you a monthly income should any one of these enemies overtake you. This protection is vital to your well being and to that of your family. Over 50,000 men and women in Southern California enjoy peace of mind with Pacific Mutual Income Protection.

Note at left the "5 ways" this popular policy can protect both you and your family. Now is the time to prepare. Start saving a percentage of your earnings toward the purchase of a "5-way" policy with only one premium. Then there will be no worries—no heartaches when sickness, an accident or old age keeps you from work. You'll be PROTECTED.

Bay City Sportsman Back
Magazine Article

Row Over Accusation by
Paper Settled

SACRAMENTO, March 12. (AP)—Charges that a former member of the Legislature accepted a \$400 bribe for his vote on a fish and game bill two years ago were made to the Senate Fish and Game Committee today in affidavits filed by San Francisco sportsmen.

The affidavits were filed by Robert L. Mann, president of the associated sportsmen, supporting statements made recently in a sportsman's magazine article stating legislators had been "bought and debauched."

The content of the affidavits were kept secret by the Fish and Game Committee and the name of the former Assemblyman accused of accepting a bribe was withheld but it was learned that he was from San Francisco.

Assault Charge Develops From Gypsy Quarrel

Following a riot in a gypsy camp near the Los Angeles River last Saturday in which three persons were seriously injured, Louis Adams, 38 years of age, yesterday was charged with assault with murder and force to do great bodily harm.

Page said Adams engaged in a heated argument with the committee, before which they were summoned to apologize for the publication of the article in which a statement that "legislators had been bought and debauched" was made.

Beating Charge Issued Against Two Policemen

Formal charges of "assault upon a prisoner by an officer" were filed against Patrolman K. Kirksey of the Los Angeles Police Department last night by Dist. Atty. Pitts following an investigation of an accusation against the officer made by Axel Hayman, cement contractor.

The complaint also names John Doe, an unknown officer, who is asserted to have beaten the contractor.

CHINESE CLASH HELD IMMINENT

Factions Mass Troops in
Kiangsi Province

Martial Law Declared in
Many Cities

Mediation Efforts Fail to
Stem Trouble

PEKING, March 12. (Exclusive)—Hostilities on the western frontier of Kiangsi Province, with a possibility of the early collapse of the Nanking government, seem certain.

Both the Kwangsi and Chiang Kai-shek factions are massing all available troops and also are appealing to other regions for support. There is a heavy movement of Sichuan troops down the Yangtze River, while the Nanking government is sending additional troops up the river under Gen. Chu Tai-chi, chief commander, who has arrived at Kiangling.

Martial law has been declared at Canton, Hankow and elsewhere. All available troops in the Hankow area have been mobilized, and command- ing also has begun.

Mediation efforts have been fruitless. Deputies of Gen. Feng Yu-hsiang, the Chinese general, have withdrawn from Nanking. Gen. Feng appears determined to play a lone hand, seemingly having declined to participate in the Kuomintang party Congress Friday.

Efforts to avert hostilities until after the Congress are failing and immediate war seems unavoidable. Already clashes have occurred at Wusheng. Ho Chien, whose appointment to the Governorship of Hunan caused a breach, has resigned, but he is leading his troops to the Kiangsi frontier.

The foreign legations here take a gloomy outlook, fearing the troubles will spread. They are placing guards at the gates.

The memorial in honor of the death of Dr. Sun Yat-sen, President of China, failed in North China owing to the severest dust storm in many years, which is still raging tonight. Owing to this no pilgrimage was made to Dr. Sun's temporary tomb, while the only parade before the storm broke was that of a radical faction, which stood on footbridge. Troops broke up the procession. The soviet flag is the only one at half-mast.

Throughout Peking, Shanghai and Kwangsi provinces troops massed, armed with rifles, beheading swords and hand grenades.

SCHOLARSHIPS VOTED

University of California Regents
Make Awards

SAN FRANCISCO, March 12. (AP)—The Phoebe Apperson Hearst scholarship of \$150 was awarded by the University of California Board of Regents here today to Miss Helen Lange of Lodi, a senior student in the College of Letters and Science.

Other scholarships granted by the board include the Horatio Stebbins award of \$100, which was given to Evelyn L. Hart of Sacramento, a junior.

The board named Prof. Linus Pauling of the California Institute of Technology of Pasadena lecturer in chemistry at the university.

RHINELANDER'S WIFE STAYS SUIT ON MATE

NEW YORK, March 12. (AP)—Indefinite postponement of the filing of a projected separation suit against Leonard Kip Rhinelander by his wife, Alice Jones Rhinelander, was announced today by Samuel Swinburne, attorney for Mrs. Rhinelander.

The lawyer said an increase in the allowance Rhinelander had been paying his wife since the failure of his annulment suit caused postponement of the court action.

Rhinelander had been paying his wife, the daughter of a New Rochelle negro, \$300 a month since failure of his action and had increased this amount by more than \$100 a month because his own income had been increased recently.

BY WILLIAM F. HELM, JR.
(Copyright, 1928, by William F. Helm, Jr.)
WASHINGTON, March 12. (Exclusive)—The Federal government will collect in income taxes, through returns to be filed not later than Friday, nearly three-fourths of a cent on every dollar's worth of business done by the corporations of Los Angeles in 1928.

This hidden tax, the government's figures show, is the heaviest of all. The men and women who maintain the city's 7600 corporations pay it in little dribbles throughout the entire year. Every time \$10 is spent with a California corporation, the official figures show, at least 7 cents of the money will find its way to the Federal income tax collector. This applies to all business done by the Los Angeles corporations, in whatever form they may serve the public. Not every corporation will pay so high a rate and some will pay no taxes at all, for the figures show that but little more than one-half of California's corporations—51.28 per cent, to be exact—make a profit on their business; but on the average, the rate applies—nearly three-fourths of a cent's Federal taxes on every dollar's worth of business.

TAX APPLIED ON PROFIT
The tax is not applied directly on gross business, but on the profit of Los Angeles corporations. The rate is 12 per cent on corporate profits, having been from 12 1-3 to 12 per cent last year. A total of approximately \$17,000,000 apparently will be collected in this manner by the Federal government, as the 1928 tax on Los Angeles' corporate business.

Los Angeles corporations, official figures indicate, did a gross business that year of more than \$2,450,000,000. That means that their gross receipts totaled that huge figure. The 34 corporations which operated at a profit did a total estimated business of about \$2,000,000,000. Nearly one-fifth of the city's corporate business was run at a deficit.

The profits on the whole corporate business amount, on the average, to about 4 cents on the dollar. Thus a net profit of approximately \$168,000,000 was made, the government's figures indicate, by Los Angeles corporations last year. The tax of 12 per cent, or about \$17,000,000 is levied on that net profit. Approximately \$4,250,000 of that tax, or one-fourth, is due when the returns are filed not later than Friday.

INDIRECTLY ON PERSONS
That levy will be made directly on corporations, but indirectly on the persons who support the corporations. The 12 per cent rate compares with a normal rate of 5 per cent levied by the government against individuals. The surtax does not apply against corporations, but is levied on corporation profits after they are paid out in the form of dividends to stockholders, assuming that those stockholders have incomes large enough to pay surtaxes on.

Thus while the maximum tax levied on individual profits by the government is 5 per cent normal tax and 30 per cent surtax, a total of 35 per cent, the maximum tax levied on corporation profits is 12 per cent normal and 20 per cent surtax on dividends—a total of 32 per cent.

More than \$2,100,000,000 represented the volume of business done by the State's manufacturing corporations. Their numbers totaled 3338 of which 1992 operated at a profit. And they paid more than \$17,000,000 in taxes to the Federal government out of their profits.

PROSPERITY SHOWN
Some of the subdivisions of California's manufactures indicate clearly the trend of the State's prosperity.

The manufacturers of beverages, package foodstuffs and tobacco in California paid, in taxes, that year a total of \$2,250,000 on gross business of nearly \$710,000,000; and makers of pulp, papers and paper products, \$1,201,000.

Factories making metal goods in California paid \$2,840,000 tax on their profits; printing and publishing firms throughout the State paid \$865,000; producers of chemicals and allied commodities paid \$5,678,000; and makers of clay, stone and glass goods paid \$1,535,000. Lumber corporations paid \$424,000 on a volume of more than \$190,000,000 of business. Of the 261 firms engaged, 129 lost money.

California's corporate mines, quarries and oil wells paid Federal income taxes amounting to \$4,390,000. Of the 1747 corporations engaged in the industry, only 441 made a profit. Building construction corporations throughout the State paid taxes of \$1,012,000 on their profits. Steam and electric railroads with headquarters in California, taxicab and bus companies and other public utility corporations paid \$6,849,000 in Federal taxes. Theaters, professional service corporations and others similarly engaged paid \$3,412,000.

BANKS PAY HEAVILY
Corporations engaged in agriculture and related industries numbered 1265. Of them 512 operated at a profit. The gross business of the 1265 firms amounted to about \$91,000,000, and the Federal income tax on their business was \$620,000. Banks, insurance companies and real estate corporations of California paid the Federal Treasury \$12,985,000 in taxes on their profits. The 4153 corporations engaged in trade and hotels paid \$8,698,000. Of that number, however, only 2550 operated at a profit.

Such was the toll placed on California's business by the Federal tax collectors of 1927. It indicates clearly what may be expected in 1928, except that the levy for last year was at a rate of 12 per cent instead of 12 1-3 per cent as in 1927. That would mean lowering the foregoing amounts about 10 per cent, assuming that business in 1928 was in the same volume as in 1927.

SPECIAL PURCHASE 37 Room Size TURKISH RUGS at Important Savings!

A NEW importation—just passed by the United States Customs and rushed to Barker Bros. for this great March Event! We secured this limited quantity of room size Turkish rugs at exceptional price concessions—we were able to mark them at much less than their regular pricing! To our patrons it means a great savings opportunity! Many one of a kind—choose early.

Other Sizes Proportionately Low-Priced

2 Turkish rugs, approximately 10x14.4 are notably low in price at only..... \$550

2 Turkish rugs, approximately 10x18 are now very specially priced at..... \$685

1 Turkish rug approximately 10x16.6 is an outstanding \$625 value at.... \$625

23 RUGS 9x12 Size

\$395

Special
IMAGINE a 9x12 rug of the finer Turkish type at only \$395! The price gives no hint of the quality represented. See the rugs yourself—compare them with those elsewhere. A super value!

Very Large Rugs Specially Priced

2 Turkish rugs, approximately 11x16 are featured now at only \$795

1 Turkish rug approximately 12x17.9 is outstanding now at only.... \$845

1 Turkish rug approximately 13.5x21.2 is another special value at only.... \$1150

Persian Hamadans, Semi-Antique Anatolians, Many Prayer Rugs

164 Pieces, Approximately 2.6x4 to 3.6x6 ft. Special!

One of the greatest Oriental rug values Barker Bros. have ever offered! 164 Persian Hamadans and semi-antique Anatolians—both known for their beauty, their quality, all grouped at \$27.50.

\$27⁵⁰

We cannot begin to tell you the value represented here—compare and see these rugs—compare with those elsewhere—you will know that \$27.50 represents but a fraction of their worth!

30 Semi-Antique Anatolian Rugs

\$17⁵⁰

Only 30 rugs, yet every one is of the treasured semi-antique Anatolian type (very rare now). This is a value we believe you cannot duplicate anywhere. Approximately 2.2x3 size—exquisite designs. —Remember only 30—you'll have to be here early for this value!

Lilliahans, Hamadans and Beloochistan

\$36

Another group of Oriental Rugs that challenge comparison! Sizes 2.6x4.3 to 3x5—Persian types—yet the price is even lower than you would usually pay for those of the same quality! Let us show you these rugs—judge for yourself their worth.

Film discolors Dentists urge

WINNING smiles depend on white teeth—and teeth like that depend on freedom from what dentists call film. Film is a stubborn, clinging material that ordinary ways fail to remove successfully. It is the chief source of tooth and gum disorders. Remove film with the special dentifrice called Pepsodent.

Film—how it destroys
You can feel film with your tongue, slippery, viscid coating. It clings and gets into crevices and stays there, absorbing dingsy stains from food and smoking to turn white teeth "off color" and cloud their natural brilliance.

Remove Film...

See teeth
gleam and
glisten

The
Film

that is found by dental
research to discolor
teeth and foster serious
tooth and gum disorders.

Film discolors teeth and then destroys them.
Dentists urge a special way to remove it.

WORKING smiles depend on glorious
white teeth—and teeth like that de-
pend on freedom from what dentists know
as film. Film is a stubborn, clinging coat-
ing that ordinary ways fail to remove
completely. It is the chief source of seri-
ous tooth and gum disorders.

Remove film with the special scientific
dentifrice called Pepsodent.
Film—how it destroys
You can feel film with your tongue—a
slimy, viscous coating. It clings to teeth
and gets into crevices and stays. It ab-
sorb dyes from food and drink and turns
them into "off color" and cloud their
natural brilliance.

Film hardens into tartar. Germs by the
millions breed in it; and they, plus tartar,
are the chief cause of pyorrhea.

To remove film dentists prescribe the
special film-removing dentifrice called
Pepsodent. It acts to curdle film so that
brushing easily removes it in gentle safety
to enamel.

In a few days teeth grow whiter and
begin to sparkle. They continue to im-
prove for months. Start today. Get Pep-
sodent at any drug counter or write for
free 10-day supply to The Pepsodent Co.,
1104 S. Wabash Avenue, Chicago.

CARS INCREASE TOLL BRIDGES

Pay Spans, Once Almost
Relic, Now Numerous

Traffic Demands Result in
Private Structures

Many of Them Bringing in
Good Incomes

BY FREDERIC J. HASKIN
WASHINGTON, March 12. (Ex-
clusive)—Only a decade ago almost
any student of the situation would
have felt safe in predicting that the
existence of toll roads and toll
bridges was a relic of earlier days
and that these facilities would soon
pass away. Federal and State gov-
ernmental authorities and such or-
ganizations as Chamber of Com-
merce of the United States, the
American Automobile Association
and the American Association of
State Highway Engineers have
arched to the fact that at a precise
ly opposite trend is noticeable and
that there has been a marked in-
crease.

To construct a bridge over a na-
vigation stream requires authorization
by Congress. The number of such
bridge bills passed since 1927 is
greater than the number enacted by
any previous Congress. More than
eighty such bills have passed em-
powering private companies to erect
bridges and impose a toll upon the
traffic while State governments
have authorized the building of
some sixty toll bridges to be op-
erated by the States.

AUTO BRINGS CHANGE
There have been toll bridges and
toll roads throughout the existence
of the nation. The colonies author-
ized them before the republic was
formed. But with the rise of the
good roads movement in the last
decade of the nineteenth century,
a new view was taken of highways
and it was generally held that such
facilities should be provided out of
the public revenues and roads and
bridges opened freely to all.

LOADS NOW HEAVIER
Also replacements are called for
as time passes. In the days when
some of the bridges were built the
five-ton motor truck and the build-
ing bus, with their attendant vi-
bration, were unknown. Bridges de-
signed for horse-drawn vehicles
have to be renewed. Also, as every
motorist has noted, some of the
bridges impose rigorous restrictions
on speed limits as the structures
were not originally designed to car-
ry motorized loads.

MANY CONTEMPLATED
The last general survey of the
subject was made in 1927 by the
Federal Bureau of Public Roads. It
was found that 233 toll bridges were
in operation and twenty-nine under
construction. Public authorities were
operating fifty-one, but 211 were un-
der operation by private interests
of which thirty-nine were railroad
companies. There were thirty-two
toll bridges crossing streams which
marked State boundary lines, while
twelve others crossed international
frontiers into Canada and Mexico.
One of the strongest objections
which critics of the toll bridges have
advanced is that they constitute a
burden on interstate commerce as
well as foreign trade.

SOME HIGHLY PROFITABLE
Regulation of earnings is another
matter which has been the subject
of bills introduced in Congress but
which have not passed into law.
The Bureau of Public Roads found,
in its survey, that a group of 191
privately-owned bridges earned in
1926 a return of 18.9 per cent on
an estimated cost of \$2,000,000.
Some bridges pay better than others;
one case of a return of 78 per cent a
year over quite a period of the years
was brought to light while the most
extreme case showed a return of 300
per cent. Some bridges have more
or less nature monopolies having
got possession of strategically lo-
cated sites early in the game.

ACTION DUE ON MATTER
The matter of financing has
loomed large in the discussion.

WORKING AGE TO INCREASE

Secretary Davis Says Sound
Men of 50 Soon Will be
Assured of Places

ERIE (Pa.) March 12. (AP)—
In the opinion of James J.
Davis, Secretary of Labor, the
day is coming when public
opinion will shame out of the
community the employer who
discharges a good and sound
man "at the early age of 50."
He gave his views at a ban-
quet.

Communities unwilling to tax them-
selves to finance the construction
of bridges hold back the surround-
ing communities by cutting off di-
rect highways of travel. As many
bridges as there is an effectual de-
mand for will find private financiers
and private builders provided they
are offered an opportunity to earn
money by their enterprise.

Bills are pending in Congress now
on various aspects of the question
and it seems likely that the whole
matter will be opened in the not
distant future for the matter be-
comes more pressing each year with
the demand for the bridges increas-
ing on the one hand and the de-
mand for public regulation of it on
operation on the other.

GRADE CROSSING ALLOWED
SAN FRANCISCO, March 12. (AP)
The State Railroad Commission to-
day granted permission for con-
struction of a grade crossing at D
street, San Bernardino, over the
Santa Fe Railroad tracks.

THE new Chrysler Imperial more than ever satisfies that high
public expectation of unusual accomplishments from Chrysler
engineering and manufacturing, which is builded upon Chrysler's
consistent record of leadership in every field. Chrysler has
never produced its equal in every phase of style and action,
in ease of handling and riding, in safety and dependability.
Come see and test the new Chrysler Imperial.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified croscin that is pleasant to take. Creomulsion is a medical discovery with two-fold action: it soothes and heals the inflamed membrane and inhibits germ growth.

Of all known drugs croscin is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritation. Creomulsion contains, in addition to croscin, other healing elements which soothe and heal the inflamed membrane and stop the irritation, while the croscin goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritation, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

THERE have been many changes in the past forty years. We have gone from the slow, old fashioned ways into the fast moving mechanical age, with many new standards. But in all these forty years there has been no change in the standards of dependability and safety back of an investment with STATE MUTUAL.

For forty years this Association has loaned the money of its investors only to finance homes... the most stable security known. STATE MUTUAL has guaranteed always the 100-cent-on-the-dollar security of money placed with it... paying as high an income rate as possible with such safety.

STATE MUTUAL Certificates are issued in multiples of \$100... with interest at 5% (tax free in California) from date of investment. They are legal for Trust Funds.

For savers with small amounts... from \$1.00 up... STATE MUTUAL offers 5% pass book accounts. Interest compounded semi-annually. Liberal withdrawal privileges.

ALIBI OFFERED BY DAUGHERTY

Former Attorney-General in Belated Denial

Never Laid Eyes on "Little Green House," He Says

Ex-Cabinet Member Answers Reference to Affair

COLUMBUS (O.) March 12. (P)—The Columbus Dispatch today published a letter from Harry M. Daugherty, Attorney-General in the Cabinet of the late President Harding, in which Daugherty declared he never saw and never was inside the "fabulous little green house," which played an important part in the investigation of the Attorney-General's office.

The letter, the Dispatch says, is the first public statement from Daugherty since he retired from public life. It came from Sarasota, Fla., where he is spending the winter, and was sent in answer to a news item published in the Dispatch in which "the little green house" was referred to in a communication of Senator Watson, who headed the Senate committee investigating the Attorney-General's office.

Daugherty said that he sent a telegram to Senator Watson telling him that he was never inside the "little green house" and never saw it from the outside. He also said that he never knew a person who went there.

In his letter to the newspaper Daugherty states that he is "now planning to unwind this ball of yarn in his own way and in his own time, but with no idea of defense purposes."

DAUGHERTY TO TELL ABOUT "LITTLE GREEN HOUSE"

SARASOTA (Fla.) March 12. (P)—Commenting today on a letter he addressed to the Columbus (O.) Dispatch, Harry M. Daugherty, former United States Attorney-General, said he intends some day to make the true facts known about the reasons for the "birth" of the story of "The Little Green House," in Washington.

Daugherty, a winter visitor here, talked at length about the letter which he said he wrote in answer to an article published by the Dispatch in which "The Little Green House" was mentioned. The article was purported to have been written by Louis Ludlow, former newspaper man and now a Congressman. Daugherty said, but added he had been advised by United States Senator James E. Watson that this had been done by Ludlow.

"There will be some authentic publicity with the approval of myself," said Daugherty. "It will be in due time. That will give the truth to the country. If it is interesting, about all of these things, now that there is a change of administration at Washington."

The story of "The Little Green House," he said, "was constructed on a foundation of falsehood, of a material of calumny and painted with the green saliva of slander."

Daugherty expressed bitterness toward Samuel Hopkins Adams, author of a book "Revelry."

FORMER ANGELENO NAMED COLLEGE HEAD

SIoux FALLS (S. D.) March 12. (P)—Rev. O. J. Freus of Deforest, Wis., president of the eastern district of the Norwegian Lutheran Church of America, has accepted the presidency of Augustana College here. A. N. Grant, president of the board of trustees, announced today. He will take office in August. Rev. Mr. Freus formerly held pastorates at Tacoma, Wash., and Los Angeles.

Life-for-Pint Michigan Law Faces Defeat

LANSING (Mich.) March 12. (P)—"Life-for-a-pint" appears doomed in Michigan through the action of the State Senate last night in voting 22 to 9 to refer the Cuthbertson bill, designed to keep the bootlegger within the fourth-offender life-sentence provisions of the Crime Code, to the State Affairs Committee, where it is expected to die. Proponents of the measure had attempted to have the bill referred to the prohibition committee, where it was expected to receive favorable action.

A bill already has passed the lower house removing liquor law violations, alimony dodging and similar crimes from the list that draws life terms if repeated four times, by providing that in order for the fourth offense to bring a mandatory life sentence the first offense must call for a five-year term.

The Cuthbertson bill provided a five-year maximum sentence for first liquor law violators.

PIONEER OF ARIZONA EXPIRES IN PHOENIX

PHOENIX, March 12. (P)—W. D. Fultner, 75 years of age, who for many years had been active in public life in Arizona, died at his home here today. He had been a resident of this State since 1881. He held an executive position with the Atlantic and Pacific Railroad, when that company was building its line across the State. He assisted in the carrying out of construction of the Arizona canal in the Salt River Valley until 1886. He later entered the banking business in Phoenix. Mr. Fultner leaves his widow, three daughters, Mrs. Jesse "Luce" and Mrs. Thomas C. Christopher of Pasadena, Cal., and Mrs. "Ann Jones" of Phoenix.

TRUSTEE BANK PLAN ASSAILED

Differences Develop Among Reparations Experts

French Press Fears Powers of Proposed Agency

British Object to Increase of German Goods

PARIS, March 12. (P)—The sub-committee of the reparations experts today applied themselves to the task of making all their reports fit into the skeleton of the proposed "trustee" or International Bank for reparations payments.

The one thing definitely settled with respect to the projected gigantic financial institution is that a trustee of some kind must be found to succeed the Agent-General for Reparations if the Dawes plan is to be scrapped.

Some real differences of opinion among the experts must be ironed out before the committee can go further. General approval is given the bank scheme as a general proposition but there are some hitches as to the details of organization and the scope of operation.

The French press, presumably basing appreciations on revelation from expert sources, doubts the wisdom of establishing an international institution of the power it is proposed to give this bank. They prefer a "trustee" with powers limited to handling reparations payments in money and kind.

The British, it is currently reported on good authority, are opposed to the whole scheme of extending deliveries in kind on the reparations account and would rather limit them, accepting a smaller total in cash rather than forcing German exports to the detriment of British trade.

Bill Offered to Guard Children From Loiterers

SACRAMENTO, March 12. (P)—The Assembly passed a bill today, introduced by F. M. Roberts of Los Angeles, providing for the arrest, fining or imprisonment of any person who accosts, molests or annoys school children, or who loiters about any school or public place attended by children.

Americans Will Assist Chinese

WASHINGTON, March 12. (P)—At the request of the Chinese Legation in Mexico City the American government has consented to use its good offices on behalf of Chinese citizens in the districts held by the rebels.

The Chinese Legation particularly requested that the American consuls at Chihuahua, Torreon and Mazatlan look after the interests of the large number of Chinese in those districts.

Missouri Seat Fight Renewed

LIBERTY (Mo.) March 12. (P)—H. J. Lawrence, Republican, defeated as Representative to Congress from the Third Missouri District today renewed his contest against J. L. Milligan, Democrat, by taking depositions he plans to present to Congress.

Mr. Lawrence contends poll books of North Kansas City were not properly signed by judges at the November elections. The Missouri Supreme Court has decided in favor of Milligan.

RECORD METEOR FOUND IN AFRICA

Weight Set at from Fifty to Seventy Tons

Examination Shows It to be Almost Solid Iron

Embedded in Limestone from Three to Five Feet

Copyright, 1935, by New York Times. GROOTFONTEIN (Southwest Africa) March 12. (Exclusive)—A giant meteor at Grootfontein, near the Grootfontein railroad in the extreme northeastern part of Southwest Africa, is the world's largest meteor. The correspondent has just examined it and found it larger than the Greenland meteor discovered by Admiral Peary and now in the Museum of Natural History in New York City.

We found the meteor embedded in soft limestone on a high veldt, but a pit dug around it shows its depth varied, between three to five feet. Limestone underneath was crushed by the terrific impact for several feet farther down. On the sides the limestone is crumbling caused by the excessive heat of the meteor, which was white hot when it plunged earthward.

Its size is ten by ten by four feet. It is of almost solid iron and the weight is estimated at fifty to seventy tons. Its upper surface is flat, almost level with the earth's surface, typical of meteor indentations.

It is rusty all over, but a cross-section shows a metallic structure, but melting with a blow torch is very difficult. A preliminary analysis indicates 10 per cent nickel content, otherwise it is all iron.

Standard Eights Priced \$160 Lower

PACKARD Straight Eight luxury, acknowledged supreme by motorists throughout the world, is now available to a new and wider circle of owners.

Effective March 4th, all models of the popular Standard Eight line were reduced \$160 at the factory. The former prices were the lowest at which Packard Eights had ever been offered. The new prices make the Packard Standard Eight the outstanding motor car value of the year.

From the Five-Passenger Sedan, now listing at \$2275 to the Seven-Passenger Sedan-Limousine at \$2675, the Packard Standard Eight line offers a wide choice of body types—and our prices actually lower than the last established prices of the Packard Six. By concentrating its modern and extensive manufacturing facilities

on the Eight-in-Line motor, Packard is now able to offer the many advantages of Straight Eight design without any additional cost.

Purchasers of Packard Standard Eights today are assured of the finest performance, the greatest comfort and luxury ever before available at such attractive figures. Ten models are offered, three of 126-inch wheelbase and seven with wheelbase of 133 inches.

All Packard features are found in today's Standard Eights. The famous Straight Eight motor, with its nine bearing crankshaft, is unchanged in design. Instant Chassis Lubrication saves labor and prolongs car life. The new and exclusive Shock Absorbing System includes a device which positively eliminates all front wheel "shimmy".

Packard has but one measure of quality—the highest. Standard Eight models differ from the Custom and De Luxe lines only in size, in degree of individuality available and in appointments and color finish. They are Packards throughout—in all that this famous name implies.

When may we demonstrate the model of your choice?

If you prefer to buy out of income, you will find the Packard Payment Plan most attractive. Many take possession of their new cars without any cash outlay—and with the small monthly payments made smaller because the used car allowance exceeds the down payment on the new car.

C.A. GRANTED LICENSE SHIFT

Communications Transferred to New Subsidiary

Company to Center on Entertainment

Not Expected to Alter Monopoly Fight

WASHINGTON, March 12. (P)—The Federal Radio Commission today announced that it had granted a license shift to the Radio Corporation of America, newly formed operating subsidiary of R. C. A. Communications.

The change is being made to free the R. C. A. Communications from the burden of operating the giant radio network, now chiefly concerned with the transfer of all radio communications licenses held by the R. C. A. Communications.

The R. C. A. Communications, which is being formed by the R. C. A. Communications, will be a separate entity, although 100 per cent owned and controlled, is regarded as highly significant.

KIDNEYS FLASH WARNING

HE VANISHES IN TIME AND ALSO SPACE
Mere Birthday, After All, Is Matter of Relativity to Prof. Albert Einstein
[Copyright, 1929, by New York Times.]
BERLIN, March 12. (Exclusive)—Prof. Albert Einstein has spoiled all the plans various organizations and societies had made in connection with his fiftieth birthday Thursday. To evade all ceremonies and celebrations he suddenly departed from Berlin last night and left no address.

ENGLISH OFFER NEW WORK PLAN
Would Pension Employees at 65 Years of Age
Means Sought for Creating More Jobs for Youth
Lloyd George's Party Also Presents Scheme
[Copyright, 1929, by Chicago Tribune.]
LONDON, March 12. (Exclusive)—The retirement of workers at 65 years of age with larger pensions in order to make way for the younger men is among the main recommendations of the joint committee of the conference on industrial reorganization and industrial relations comprised of a group of employers headed by Lord Melchett and the general council of the Trades Union Congress.

EX-KAISER'S SISTER BROKE
Bankruptcy Action Begun Against Victoria Due to Her Husband's Profligate Escapades
BONN (Prussia), March 12. (P)—Bankruptcy proceedings were instituted today against Princess Victoria, sister of the former Kaiser. The Princess, who is living in seclusion at the palace here, declined to make a statement. The proceedings were filed against "Victoria Subkoff, nee Princess of Prussia." Circles close to the Princess are not surprised at the turn of events as they know that Alexander Subkoff, since his marriage, regularly has taken large sums from her.

ARIZONA FUNDS BILL APPROVED
Carries \$50,000 for Use of River Board
Passes House With Only Slight Objection
Banking Inquiry Referred to Governor
PHOENIX (Ariz.), March 12. (P)—Carrying an amendment which provides \$40,000 for the new Colorado River commission and with its every provision remaining practically as it was written, the general appropriation bill today was given the approval of the whole House.

Churchill Off for Brief Rest
LONDON, March 12. (P)—Winston Churchill, Chancellor of the Exchequer, has gone to the Riviera to gain some rest before preparing the budget and also doubtless with the intention of escaping encounters with deputations from innumerable interests seeking relief from taxation.

NO SPY SYSTEM FOR JOHN SNOOK
Atlanta Warden Prefers to Live on Idaho Farm
Prison Not Detective Bureau, He Tells Washington
Former Alaskan Frowns on Federal Snoopers
ATLANTA, March 12. (Exclusive)—Warden John Snook will go back to his Idaho farm unless the Department of Justice abandons the so-called "spy system" of investigating administration of Atlanta Federal prison.

BILTMORE FURNITURE HELD FOR HOTEL DEBT
MIAMI (Fla.), March 12. (P)—Furniture of the Biltmore Hotel, Miami, Fla., is being held by a court order obtained by a creditor to prevent Alexander Orr, Jr., local plumbing contractor, from selling furniture of the Miami Biltmore Hotel, Court Commissioner Judge Rose of Dade County Court yesterday. Furniture of the hotel was seized by Sheriff Lehman under a court order obtained by Orr, who charged the hotel company with nonpayment of principal and interest of a \$35,000 promissory note.

CHILDREN BELIEVE MOTHER MURDERED
ST. LOUIS, March 12. (P)—Four children of Mrs. Ella Brady Espinoza, 57 years of age, of East Chicago, Ind., today tentatively identified the skeleton of a woman's body found near here Sunday as that of their mother, who disappeared last September while on her honeymoon with her 19-year-old Mexican husband. Police believe the woman was murdered and they announced they will ask the Department of State to have the Mexican government institute a search for the husband of Mrs. Espinoza.

Stabbed Body Found in Fire
SCRANTON (Pa.), March 12. (P)—The body of a man who had been beaten and stabbed and his clothing saturated with oil and set afire, police said, was found today by firemen fighting flames in the home of Frank Crida at Carbondale.

Receipts Show Gain in Italy
ROME, March 12. (P)—Finance Minister Mosconi reported to the Council of Ministers today that state receipts at the end of February had increased 56,000,000 lire which, with the increase in January, brought the total gain thus far to 103,000,000 lire (approximately \$5,150,000).

MISSISSIPPI MAN BEHEADED BY TRAIN
JACKSON (Miss.), March 12. (P)—An Illinois Central passenger train beheaded E. K. Middleton, prominent Pocomtota citizen, here last night. Railroad employees reported the man had made "aerial inquiries" concerning train movements. After a train had moved from the station, the severed head was found between the tracks several feet from the body.

FERRAZA TO HEAD PORTUGUESE ARMY
LISBON (Portugal), March 12. (P)—Gen. Ivo Ferraza, former Minister of Finance, has been appointed Administrator-General of the Portuguese army.

NORWEGIAN PRINCE VISITING FIANCEE
STOCKHOLM (Sweden), March 12. (P)—Crown Prince Olaf of Norway arrived here today and will spend a week with the family of his fiancée, Princess Martha, before their marriage on the 21st inst. The city of Stockholm has decided to give Princess Martha a wedding present consisting of a diamond tiara with 556 stones.

Canadian Tariff on Fruit Fought
OTTAWA (Ont.), March 12. (P)—Resuming debate on the budget in the House of Commons today, John L. Brown, Liberal-Progressive from Ligonier, Man., said he would prefer an embargo against United States fruit rather than a tariff which would make its price prohibitive to the poor man and still allow the wealthy to enjoy it.

CATHOLIC DIGNITARIES ATTEND CONSECRATION
SEATTLE, March 12. (P)—Catholic church dignitaries from the Mexican border to Alaska were here today to witness the consecration of the Rt. Rev. Robert J. Armstrong as bishop of Sacramento. It was the greatest number of prelates and priests of the Catholic church ever gathered in the Pacific Northwest.

Marshall Petain to Investigate Deaths
LANDAU (Germany), March 12. (Exclusive)—Marshal Henri Philippe Petain is due here to investigate the precautions being taken for the health of French soldiers in the Rhineland. Landau people believe the figure of 300 soldiers dead from cold, mentioned by the French Socialists in their denunciation in the Chamber of Deputies, is correct.

Look for 3 benefits from this tooth paste
WHEN you try Listerine Tooth Paste you will make three important discoveries:
1. That it leaves teeth amazingly white and clean with a minimum of brushing.
2. That your entire mouth feels healthy and exhilarated afterwards—a wonderful sensation you associate with Listerine.
3. That your tooth paste is not only costing you less, but lasting longer.

Triumphantly Different..

Prices \$1145 to \$1375 f.o.b. Pontiac, Mich.

DIFFERENT in greater beauty... this new Oakland All-American Six... but just as different in higher quality... in finer performance... in greater safety.

Power of its big L-head motor... smoothness from the counter-weighted crankshaft and balanced rotating parts... comfort of its roomy Fisher body and hydraulically controlled springs... positive and trouble-free brakes... check these things against other cars of Oakland's price range.

We know your verdict too will be that of thousands of new Oakland owners.. "triumphantly different."

All 60 Books for \$2.98 Until
March 30, 1929

LAST CALL!

This advertisement is appearing in only a few papers—just enough to clean out this small stock. This is positively your last chance. When these 1,250 sets are gone the new edition will cost you \$10.00 per set instead of \$2.98.

YOU get 60 books for \$2.98 as long as these remaining sets last and if your order is mailed on or before midnight of March 30, 1929. This is slightly less than five cents per book—can you imagine any book treating, in a text of 15,000 words (the total words in each of these books, on the average), a subject like Grammar or Economics or U. S. History, that is not worth FIVE CENTS. This HIGH SCHOOL EDUCATIONAL COURSE, in this 60-volume handy edition, is a bargain of bargains. There is nothing like it anywhere. It is unique in the field of popular education. Think of all that this course can mean to you. The books are each 3 1/2 inches in size. They fit readily into a pocket, handbag or satchel. They take up very little room on a table or in a drawer. Being so compact, yet so comprehensive and readable, these books will be worth more to you than you can guess. You can carry several with you wherever you go, to utilize in your spare time. With a set of these books to choose from, you can make every odd moment count—make your now wasted minutes pay you dividends! You know that you could often get a lot of good from a book if you only had it handy when you need it! This handy edition solves that problem. Get a set today! ... The authors of these sixty educational volumes were especially chosen to prepare these books so that the average person may readily assimilate their contents. In spite of the sensational low cost of these books, they have been written by authorities in their various fields. Some of the writers who have helped to make this HIGH SCHOOL EDUCATIONAL COURSE POSSIBLE are: PROFESSOR CARROLL LANE FENTON, of the University of Cincinnati; JOHN COWFER POWYS, famous lecturer and critic; JOSEPH McCABE, world famous scholar and author of 180 books; LAWRENCE R. BARRETT, High School Instructor of Mathematics; JOHN S. GAMBES, High School Teacher; MAYNARD SHIPLEY, President of the Science League of America; LLOYD E. SMITH, former college English assistant; HERWARD CARRINGTON, New York Scientist; J. GEO. FREDERICK, commercial expert; DR. ISAAC GOLDBERG, well-known critic; MURRAY SHEEHAN, educator and novelist; LEO MARKUN, research student; NELSON ANTRIM CRAWFORD, well-known writer; CLARENCE DARROW, famous lawyer, etc., etc. ... Thus, it is certain that every one of these books is of outstanding excellence. As a reading course this set cannot be surpassed—for the price of \$2.98 you get 825,000 words of text, nearly a million words! The general editorship has been under the direction of E. HALDEMAN-JULIUS, famous for his campaigns of popular education and for providing good reading at a price within reach of everyone's pocketbook.

825,000 Words
of Text!
3,488 Pages

All For \$2.98
Payment in Full
UNTIL MARCH 30, 1929!

GRAB THIS LAST CHANCE!

NOW you can fill in those embarrassing gaps in your knowledge. Here, in 60 handy volumes which fit your pocket or handbag, you can get the essentials of the usual High School Education for only \$2.98. This is positively all you pay—if you use the special order blank below before our remaining sets are gone—mail it before midnight of March 30, 1929.

What do the words "A High School Education" mean? They mean a thorough grounding in those essentials of modern knowledge which enable a person to be the most efficient in the everyday activities of his work and of his contact with others. When it is required that a person have a High School Education, it is meant that such a person must be equipped with a substantial background of English, History, General Literature, some Languages, Commercial Subjects (Business and Economics), Mathematics, Science and the Arts. It is expected that such a person will have his intelligence alert and trained to enable him to learn new things readily, to know where to look for facts not already in his possession; in short, to be a man or a woman aware of those fundamentals which form the basis of every education and of all culture.

Probably you have often felt the lack of knowledge you really ought to have at your command. Perhaps you did not get the most out of your school days, or possibly you were obliged to leave school before you had completed your education. Or your High School training has slipped into the past, and you are "rusty" on many subjects. Whatever the reason for the lack, you feel that the void is there—and you want to fill in the gaps! This 60-volume HIGH SCHOOL EDUCATIONAL COURSE is just the thing for you—it is comprehensive, easily understandable, thoroughly reliable and authentic, and absolutely up to date.

Whether you wish to study High School Subjects for the first time, or whether you merely wish to review your High School Education, you will find these 60 books exactly what you need. Read the list of titles carefully as listed at the left—and remember, all you pay for all 60 of these splendid books is two dollars and ninety-eight cents!

A word about this astonishing low cost—the price of \$2.98 for all 60 of these books.

YOU HAVE UNTIL MIDNIGHT
OF MARCH 30, 1929
TO GET YOUR ORDER IN THE MAIL

The postmark will tell the story. All orders will be filled which are postmarked on or before midnight of March 30, 1929. Though orders are received a few days after the date they will be filled if postmarked before midnight of March 30th.

Mail This Blank Before March 30, 1929

Haldeman-Julius Publications

Send me at once the 60-volume HIGH SCHOOL EDUCATIONAL COURSE. Unless my remittance (check, money order or cash) for \$2.98 is enclosed herewith, I agree to pay the postman \$2.98 (plus 7c C. O. D. fee, which goes to the postoffice) on delivery. It is understood that I am to make no further payments whatever, and that you are to pay the postage to my address.

Name..... Address.....
City..... State.....

NOTE: No C. O. D. orders can be sent to Canada or foreign countries. These must remit in advance by international postal money order or draft on any U. S. bank.

Complete Description

TAKE no mistake about what these books are. The set contains 60 different books, or 60 separate volumes. Each volume measures 3 1/2 x 5 1/2 inches and the books run to 54 pages each. The type is 8-point (the size used in the average daily newspaper,) and it is clear and easy to read. The books are so arranged that they enable you to put 15,000 words of text in each book to use as you see the books are not shallow, or mere "outlines." Each text is complete in itself. The total number of pages in the set is 3,488; the total number of words exceeds 825,000! Is not this a bargain at \$2.98? And if you pay the postage to your address! Many of the books have illustrations of diagrams to make the text more understandable. The books are uniformly bound in stiff, substantial covers. You will be amazed and delighted with the worth of this set.

Books are often dry and dusty. This Educational Course will be found refreshing and different from the usual educational volumes. Every book has been written with a constantly in mind. Every page is clear and readily understandable by the common man. No attempt is spared to provide books which everyone can use to the aid of an instructor.

Every book in this 60-volume set is self-teaching—that is the plan that underlies the entire set. You do not need an instructor. Of course, the books are of no value unless you use them with the determination to learn. There is no royal road to knowledge just by letting your eyes run idly over the printed page! But if you have real ambition, then these are books to help you get ahead—these are books which may be of more genuine benefit to you than all four years of formal high school training.

The simplicity of these books is truly amazing. You will be gratified to find them entirely lucid in every way. No subject is kept difficult—all are presented in a straightforward manner. Just reading these books is an effort that you can get the most out of them. Just reading these books is an effort that you can get the most out of them. Just reading these books is an effort that you can get the most out of them.

These are books that you can get the most out of them. Just reading these books is an effort that you can get the most out of them. Just reading these books is an effort that you can get the most out of them.

Answers Questions Like These

What are the names and hundreds of others, are understandably answered in this course. The course contains 825,000 words of text—and the price is only \$2.98, postage in full. This price includes the postage to your address. The course is so arranged that you can get the most out of it without a set of books which would cost you \$10.00 or more.

- (1) Who said: "Where ignorance is bliss, 'tis folly to be wise?"
- (2) What is meant by "squaring the circle?" (3) What have the famous names in common: Van Buren, Tyler, Polk, Fillmore, etc.?
- (4) What are the four forms of English Composition?
- (5) What is Psychology? (6) Who were Donatello, Cellini, Botticelli?
- (7) What is the Milky Way? (8) Who was Shakespeare?
- (9) What famous speech begins: "Friends, Romans, Countrymen, lend me your ears?" (10) What do the following mean: "Guten Tag," "Auf Wiedersehen," "Parlez-vous francais?"
- (11) How far does a falling body fall in the first second after starting from rest? (12) What does the word "quadrant" mean? (13) What was the Roman god of war? (14) What were the three orders of Greek architecture? (15) What was the U. S. Civil War?

For a moment the wide scope of these sixty books—think just how comprehensive they are! There are 825,000 words in these sixty volumes. They include the essentials of English, History, General Literature, some Languages, Commercial Subjects (Business and Economics), Mathematics, Science and the Arts. Even commercial subjects, such as geography and the sciences, are included. You get a substantial foundation in the arts, and an insight into the world of science. Then there are the handy reference volumes, dictionaries, which give you concise information just when you need it.

These languages—the languages which most English-speaking people desire to learn—are included in this set. These foreign languages are self-teaching in these books. They may be readily grasped with the aid of these books. Everything you need is here—this series is compact and complete in itself. This is a course crammed with valuable information and useful knowledge. There are two volumes of questions and answers (quizzes) with which you may test your knowledge from time to time. There is that excellent general treatise on "How to Study"—this work alone is really worth the entire price of the set in the valuable hints it gives and in the way it enables the average person to study in such a way that he gets the most out of his efforts.

It is impossible to have at hand many of these books which you may not need until some day or later come in handy. Everyone, today, should have a reference to which he can turn in search of facts when he needs them. It is what makes this course so thoroughly useful, and that is why it is so popular. It is the ideal number of books for the set.

Modern civilization, with the miracles of modern printing, knowledge is no longer an excuse for any individual to remain ignorant. Knowledge is not tolerated. Today you must be progressively up to date in the times—and maintain a standard of education that is on a par with the times. This 60-volume EDUCATIONAL COURSE is just the thing for you. These sixty books will be worth far more than the price of this much to be desired result. Mail that blank before it is too late.

FILM PAIR OF NOTE TO WED KEYES EXPECTS TO BEGIN TERM

"Virginia Vance" Takes Bride Role

Will Depart for Prison if Bail Denied

Heated Arguments Mark Plea for Release

Judge Decides Tomorrow on Opening Jail Doors

Former Dist. Atty. Keyes probably will leave for San Quentin penitentiary within the next few days to begin serving his sentence of from one to fourteen years if denied an application for freedom on bail, pending an appeal of his case, made yesterday in Superior Judge Shaw's court. This was learned last night from reliable sources.

After a lengthy and spirited argument, Judge Shaw took Keyes's request for bail under advisement and announced that he will rule on the motion at 2 p. m. tomorrow. Following the judge's decision yesterday, it was learned that Keyes had informed friends that if bail is denied him he will begin serving his sentence as soon as possible.

WILL SAVE TIME

It is understood that the former District Attorney has decided that State's prison will be an improvement on conditions in the County Jail, and that in addition, any time in prison will count on his sentence in the event his appeal for a new trial is denied.

GIRL WANTS TO BE DOCTOR SOME DAY

SKELETONS PREFERRED TO DOLLIES

Five-Year-Old Child Can Name All Bones of Body and Describe Nerves

It may well be time to wonder what the younger generation is coming to when 5-year-old Miss Kathryn Mook, daughter of Mr. and Mrs. Gerald Mook of this city, who glibly names the 208 bones of the body, describes the various nerves, senses and organs and explains their functions and uses in the human system.

Kathryn lives with her grandparents, Dr. and Mrs. Everett Gray, 1233 South Ogden Drive, and in three weeks' time her grandfather taught her all she knows of anatomy. The vital organs, the twelve cranial nerves with jaw-breaking names, the processes of digestion, that are taught first-year medical students, are as nothing to the young lady.

Her grandmother says she would far rather pore over the pictures in medical books than play with dolls and she would leave a party at a moment's notice if told that she would be taken to the medical school or to the hospital. She has astounded doctors. Mrs. Gray said by her ability to point out and name the various parts of a skeleton, and Kathryn herself explains that she is going to be a doctor when she grows up and go to the hospital to make people well.

RODEO PERFORMERS WILL REPEAT ACTS

Every performer listed on the program of the Ramona Village Rodeo, buffalo barbecue and historical exhibition, has agreed to appear in performance Saturday and Sunday, postponed from last week-end on account of rain. Although an extra performance was not on their original contract, each of the rodeo performers will "carry on," according to Col. Fred Cummins, director.

MRS. GRIMES ARRIVES TODAY

Captured Witness in Jacobson Case Being Brought Back in Privately Chartered Plane

The Lancer

KNOW that one day those lions at Luna Park were due to break loose and chew up a trainer—or they did last Monday. Trainers always take unreasonably chances with the big cat. Lions are regarded as the safest of all confined wild animals. This because they usually give warning when their dispositions turn sour. Leopards are regarded as a bad life insurance risk, and polar bears are just about like playing baseball with dynamite balls. A polar bear not only has an unfortunate disposition; but he has a most unpleasant way of tearing out one's insides.

SHAKING HANDS

Preparatory to the ordeal of the Presidential receptions, Herbert Hoover has invented a new handshake. His strategy is to reach way out toward the shaker and thus weaken his grip. It seems an absurdity that this should be an important part of our Chief Executive's training, but too many Presidents have nursed hands swollen to twice the normal size after greeting the adoring public.

A MODEST HIT

In the "black and white" days of the "Black Crook" was a popular hit, because it was so decidedly wicked. Its New York revival is a hit because it is so prudish and proper—gifts all wrapped up in tight.

THE VORACIOUS GRINGO

The last chapter of a very old tragedy happened yesterday when the courts decided that the Sepulchre must move from their ranch in the old San Vicente y Santa Monica land grant in the Santa Monica Mountains.

RAH FOR HICKMAN!

Mrs. Eunice McMillen Martin, who was convicted of outrageous decency in an attempt to receive public sentiment in favor of Hickman, was not alone. To this day I receive savage letters walloping the newspapers for their interest in the hanging of this angel child.

DOUBLE KILLING TRIAL ORDERED

De Toro Bound Over to Face Charge in Superior Court

Witnesses Tell of Events at Scene of Two Murders

Bail Denied to Suspect as He Awaits Call to Bar

Alfonso De Toro, 46 years of age, who declares that for twenty-eight years he was an employee of the Mexican Federal government, was ordered held for trial on murder charges yesterday by Municipal Judge Ambrose. The court remanded him to the County Jail without bail to await his trial by Superior Court.

De Toro is accused of the murder of Dolores Campo, 40, his common-law wife, and her daughter, Mrs. Anita Beltrane, 19, in his apartment at 906 1/2 San Pedro street on February 27, last. He was shot through the head. Dr. A. F. Wagner, County Autopsy Surgeon, declared that death was due to the bullet and deputy sheriffs testified to the conversations which De Toro had with them after his surrender, in which he admitted taking sleeping tablets and declared that he knew nothing of the shooting, and a later statement in which he attributed the crime to jealousy.

Henry Huntington, attorney for De Toro, put on no defense at the hearing, but told the court he expects to offer evidence at the trial in Superior Court.

Mrs. Harting Funeral Rites to be Tomorrow

Funeral services for Mrs. Mary M. Harting, for many years a resident of Los Angeles, will be conducted tomorrow at 1 p. m. from the undertaking parlors of Pierce Bros., 720 West Washington street.

Mrs. Harting, who was 60 years of age, died last Saturday night about an hour after being struck by an automobile on Western avenue near Roosevelt avenue, when returning from an errand to the store. She was removed to the Dickey & Case Hospital, where she died.

Mrs. Harting had lived in Los Angeles since 1917, coming here from her birthplace in Salem, O. She lived at 4805 Roosevelt avenue and numbered many friends and acquaintances in Pasadena, Long Beach and elsewhere as well as in this city. She was a member of the Presbyterian Church, Ohio State Society and McKinley Home Society.

She leaves a sister, Mrs. Ida R. Hale of Pasadena, and two brothers, E. W. Spear of Gardfield, O., and Arthur D. Spear of New York City. Interment will be in Forest Lawn Memorial Park, Glendale.

JAIL REPORT SUBMITTED AT MEETING

Police Board Hears That Sanitary Conditions Were Praised February 19

Formal report by Deputy Chief Shand, in command of Central and Lincoln Heights jails, on sanitation conditions, showing that the police department was commended on February 19 for the manner in which they were handled, was received and filed yesterday by the Police Commission. The report, made to Assistant Chief Finlason, follows:

"Acting on your suggestion, I called the city health department and asked to have their inspectors visit the Central and Lincoln Heights jails for the purpose of passing on the sanitation and health conditions at the present time.

"The health department very readily and willingly complied with my request and on February 19, Dr. George M. Stevens, epidemiologist, and H. Clay Foster, assistant chief quarantine officer, and myself thoroughly inspected the jails.

"The representatives of the health department expressed themselves as being entirely satisfied with the condition of the jails as regards cleanliness and sanitation. They particularly praised our fumigating plant and the frequency with which clothing and bedding are fumigated. They stated that taking into consideration the number of inmates, the prevailing conditions of the country at present, and the number and classes of prisoners in all walks of life, the comparatively small number of sick cases was a good indication that all possible steps had been taken to prevent the spread of the disease.

"They further expressed themselves as willing at all times to co-operate with the police department in any matter pertaining to the health of the prisoners."

Accused Pair Ordered Sent East for Trial

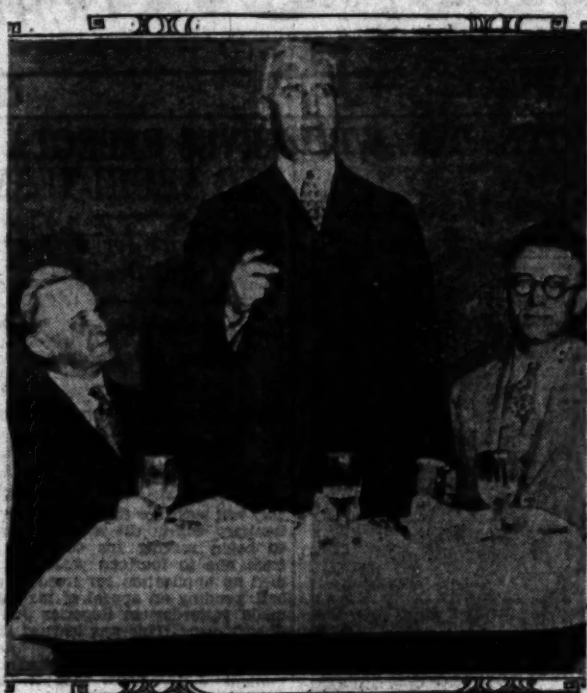

Accused of impersonating a soldier dying men in order to replace insurance upon them, Ben Duke was ordered removed to Tulsa, Okla., for trial, when he appeared before United States Commissioner Head yesterday. His wife, Flora, also accused in the charge of using the mails to defraud, also was ordered removed to Tulsa. Mrs. Duke, who has been at liberty on her own recognizance, appeared in court with a baby in her arms.

It is charged the pair, by representing that Duke was some elderly man, and Mrs. Duke his wife, obtained considerable insurance. It is asserted they collected about \$30,000 in insurance money.

ANNULMENT GRANTED AFTER MARITAL ROW

Three years after Frada Pauline Harris wed Ward Lemuel Harris, they quarreled and the husband told Mrs. Harris she wasn't his wife, as he had not obtained his final decree of divorce from his first wife when he married her on August 21, 1925, according to the testimony of Mrs. Harris under the questioning of her attorney, Ben L. Weaver, who granted an annulment of the marriage by Superior Judge Pope. Testimony was adduced to prove that Harris had obtained his final decree six months after marrying his second wife.

Plan to Span Ocean Revealed

All Aboard For Orient in 1932
P. M. Litchfield, president of Goodyear-Zeppelin Corporation addressing Advertising Club, Frank A. Arnold, director of National Broadcasting Company, seated at left, and Herman E. Nater, president of the club, at right.

PACIFIC FLYING SERVICE LOOMS

(Continued from First Page)

three days on a semiannual visit to the plant here, he said. With him is L. Tomkinson, also of the Akron headquarters. The Goodyear Zeppelin plant is at Akron, O.

GROWTH OF RADIO
Mr. Arnold described the radio business as one that in a few years grew from a "cellar and attic business" to one whose volume last year reached \$700,000,000 in receiving apparatus alone, exclusive of broadcast apparatus, which is \$100,000,000 greater than the volume of the preceding year.

"There now are 11,000,000 families in the United States who have good radio receiving sets, that is sets of five or more tubes," Arnold said. "That means a potential audience of 50,000,000 persons that possibly could be mobilized to hear one man to talk. The average family uses its radio set 500 hours a year. What are you going to do with a power like that? Radio is rocking the nation. It probably will provide the solution for the problem of international peace. There is the greatest need for wise leadership with this tremendous power."

Arnold said his organization learned from investigation to regard music as "the great common denominator acceptable to the greatest number of radio listeners. The first demand of the public, he said, is for music, the second greatest demand is for orchestra music and third dance music.

"We have been in the broadcasting business for seven years," Earle C. Anthony, owner of Station KFI, said in introducing Arnold, "and we don't know yet what it is all about."

Herman E. Nater, president of the club, presided at the luncheon. It is hoped not everyone will observe Mr. Schwartz's advice to laugh through one's failure. The uproar on our golf links would be deafening.—(Detroit News.)

DR. TEUSLER IN ADDRESS TO WOMEN

Tokio Hospital Director Heard by 250 Auxiliary Members at Luncheon

Enough definite knowledge of the theory of medicine today exists to rid the world of preventable disease, and it remains only to put that knowledge to work, Dr. Rudolf Bolling Teusler, director of St. Luke's International Hospital at Tokio, told 250 members of the women's auxiliary of the district of Los Angeles at a luncheon held yesterday at St. Paul's Protestant Episcopal Cathedral. Present at the luncheon were members of the auxiliary from all parts of Southern California. Another guest was Dr. Mabel E. Elliott, head of the children's department of St. Luke's Hospital, who has just returned to America after four years' service in that capacity.

Dr. Teusler, who is of all poverty in Japan, Dr. Teusler stated, and in the same degree it is responsible for crime, delinquency and the other social ills of that nation. In asking for assistance in the reconstruction of the hospital, whose buildings in the past six years have been twice destroyed, once by fire and once by earthquake, he pointed out that the hospital is the only one in Japan in which American medical practices prevail.

Dr. Elliott, who gained renown for her work as medical director of the Near East Relief, said the American medical work in Japan is notable for its humanitarian assistance to the people of that country and its international scope.

GAS COST RISE HANGING FIRE

(Continued from First Page)
from selling other than General Petroleum products.

The investigation into the situation by the Department of Justice, instigated in Los Angeles three weeks ago, is continuing and John H. Aasen, special investigator, will spend the next week in San Francisco.

KEYES EXPECTS TO BEGIN TERM

(Continued from First Page)
Ostrom "challenged" Fitts to "show one logical reason why bail should not be granted." He declared that Keyes was ready to furnish bail of any "reasonable amount."

"What do you consider reasonable?" asked Judge Shaw.
"Well, \$100,000," began the attorney.
Keyes tugged at his sleeve and muttered in his ear.
"—But we think \$5000, or \$25,000 will be enough," Ostrom said. A galaxy of bail bondsmen seated in the front row of the spectators' section showed considerable animation while the conversation was going on.

CITES MARCO CASE

In reply to the defense counsel, Dist. Atty. Fitts asserted he will accept their challenge to show a logical reason why Keyes shall not be admitted to bail. In so doing he declared that his office has no desire to be a "persecuting" office, as distinguished from a prosecutor's office, but that the law provided that no convicted man shall be released on bail except under extraordinary conditions. He cited the case of Albert Marco, a Los Angeles man who had been denied bail under almost similar conditions. He reminded the court that Superior Judge Butler of Marin County, who heard the Keyes trial here, had denied Keyes bail after the latter's conviction, and pointed out that all of the prisoners in the County Jail are facing the same conditions in preparing their cases as Keyes.

Dist. Atty. Stewart produced a copy of the transcript of Judge Butler's remarks, when he refused Keyes bail, and laid particular stress upon the fact that "sympathy was one thing and the cold, hard, cruel facts and the relentless rule of the law another."

HOLLYTIES WILL PICNIC
William E. Lacey, president, and Charles E. S. Poole, secretary of the Holly-California Club, announced yesterday that tables for former Hollyties will be reserved at the north end of the grove, at the semiannual picnic of the Michigan State Association at Bysanore Grove, Saturday.

PROMOTION WON BY VAN NORMAN

(Continued from First Page)

ed. Divided authority no longer exists, but centers in the one chief engineer and general manager office. Van Norman entered the department twenty-two years ago as an electrical engineer for the water bureau. He was engaged by William Mulholland, for years head of the water bureau, at the beginning of the aqueduct system construction. He built the two Division Creek and one Cottonwood stations which generated power for aqueduct construction. They are still operating. Shortly afterward Mulholland placed him in charge of two of the eleven aqueduct construction divisions.

On completion of the aqueduct in 1912 Mulholland made him aqueduct engineer in charge of operation and maintenance of the aqueduct system.

In 1924 the department loaned him to the Municipal Board of Public Works, which made him engineering in charge of constructing the outfall sewer, for which \$12,000,000 of bonds was provided. He built it for \$7,000,000. He returned to the water bureau as chief engineer and general manager under Mulholland. When Mulholland resigned, last December, Van Norman was advanced to succeed the veteran chief. He has held that position since.

Van Norman is a past president of the Los Angeles Chapter, American Society of Civil Engineers.

WHY CHANGE IN PLANS
Keller is understood to have given King no additional information on the woman, but the investigator from Phoenix last Friday, her first stop from San Francisco. King will return with the prisoner and Mrs. Yaw in the airplane.

It was informally stated at the District Attorney's office yesterday that the information retained by Attorney Leo J. Dase to represent her at the forthcoming court proceedings.

Last-minute change was made in the plans to return the woman yesterday. It was announced first that she would be taken back on the train, but the District Attorney's office permitted private interests to charter the airplane for the trip.

By leaving telephone line to the San Francisco home of a relative Mrs. Grimes, where she left her daughter, deputy sheriff Monday learned of her whereabouts in El Paso, Capt. J. B. Fox, head of the fugitive detail of the Sheriff's office, informed Chief of Detectives Smith at the Texas city.

FORES AS PLUMBER

Smith entered the room of Mrs. Grimes, who was registered as "Mrs. Norris" at the Shelton Hotel, and while posing as a plumber identified her as the fugitive. He placed her under arrest and notified Capt. Fox. Advancing the return of Grimes from El Paso, Dep. Dist. Atty. Dennison and Bush yesterday carefully were going over various statements and reports of other witnesses, preparing to question her upon arrival. They say they are prepared to go to trial without delay.

Those indicted with Mrs. Grimes are Captains of Detectives "Wallis" and "Williams," Deputy Chief of Police Investigator Raymond, Charles Crawford, Hollywood business man and politician, and Albert Marco, so-called underworld boss, convicted of a felony.

While the prosecution was preparing the case and gathering in the errant witness, defense attorneys for the seven men declared that their investigations may lead to startling developments at the trial before Superior Judge Wood.

this procedure, came just ninety-two days after the Supervisors had voted to raise the salary of the District Attorney, but only seventy-two days after the amendment became effective and law.

A similar situation developed in Los Angeles county in 1914, and was settled yesterday as a precedent on the validity of the present salary amendment.

SHERIFF'S SALARY RAISED
The salary of the Sheriff of this county was raised from \$4000 to \$6000 on August 1, 1914. At that time the county was in debt, which are portions of issues voted for at the elections of 1915 and 1922.

The \$40,000 of water works, electric plant and bridge bonds, a \$1,000,000 issue of funding bonds to pay \$5,000,000 of water works, electric plant and bridge bonds, which are portions of issues voted for at the elections of 1925 and 1928.

The \$40,000 of water works, electric plant and bridge bonds, a \$1,000,000 issue of funding bonds to pay \$5,000,000 of water works, electric plant and bridge bonds, which are portions of issues voted for at the elections of 1925 and 1928.

It was decided to offer the bonds again soon after the new national administration went into office. Meanwhile, however, an additional \$1,000,000 of \$5,000,000 of water works, electric plant and bridge bonds, which are portions of issues voted for at the elections of 1925 and 1928.

TWO ARRAIGNED FOR IMPERSONATION PLEA

Elmer Norden and Willard M. Strom were arraigned yesterday before United States Commissioner Head on a charge of impersonating Federal prohibition officers. It is charged they went into the home of G. J. Crockett, 5204 West Third street, and searched the place as officers. They failed to furnish bail of \$3000 and were remanded to the County Jail. Hearing was set for the 20th inst.

SANTA PAULANS BOW IN MEMORY

St. Francis Dam Catastrophe Anniversary Today

Grief for Dead, Thanksgiving for Restoration, Motif

Schools to be in Mourning for Vanished Pupils

Memorial services for the dead in the St. Francis dam disaster, combined with a tribute of thanksgiving for reconstruction and a return to normalcy in a period of twelve months, will be observed today in Santa Paula with a program during the day and a dinner in the evening to close the events of the first anniversary.

In the early morning hours of March 13, last year, the giant wall in San Francisco Canyon collapsed, sending an avalanche of water down upon the sleeping inhabitants of Santa Clara River valley, bringing death to more than 800 persons, causing \$7,000,000 damage and laying waste hundreds of acres of land along the banks of the Santa Clara River. In his mad race to the sea the thundering waters tore away homes, destroyed ranches and took a heavy toll of life.

FLOOD SURVIVORS

A small group of flood sufferers banded themselves together at that time under the name of the South-west Improvement Club. The program today will be under the supervision of this club and the members will conduct a formal meeting in the hotel schoolhouse, where just one year ago water and mud stood three feet deep. The club will have at its guests at the memorial dinner Los Angeles city officials who aided in the rehabilitation and reconstruction.

The anniversary memorial and celebration will start at 10:30 a. m. when children from the hotel school will be escorted to the cemetery by members of the Santa Paula Lions' Club.

The children will place flowers on the graves of more than half a hundred unidentified victims of the flood and Father J. H. Cox will conduct a short service.

SCHOOLS IN MOURNING

Every school in Santa Paula will have its flag at half-mast and during the memorial service a squadron of planes will fly over the cemetery dropping flowers. At the door of all school buildings there will be a wreath with the following inscription: "In memory of our little schoolmates, Andrew Gutierrez of the Ventura school and all school children of Santa Clara Valley and San Francisco Canyon who lost their lives in the St. Francis flood."

Planes will fly from the broken remnants of the dam to the sea, following the path of the flood waters, dropping little flowers on the unmarked graves of the many unrecovered victims.

MEMORIAL DINNER

The memorial dinner at 6:30 p. m. will bring to a close a day of sorrowful memories, but will be in the nature of a feast of thanks. George A. Bond, president of the Improvement Club, will preside and addresses will be made by Lucius Green, assistant City Attorney of Los Angeles, who was stationed at Santa Paula during the reconstruction period, and C. C. Teague, former chairman of the Ventura County Restoration Committee, while Col. William Hamilton Miller will be the principal speaker. Owen Silvey, who used his small radio set to broadcast the first warning that the dam had collapsed, will be a special guest.

In announcing the program of the day's events Chairman Bond said: "We are thankful that in such a short space of time, twelve months, our city could be returned so nearly to its former state. We are thankful to Los Angeles for accepting the responsibility and for the prompt and efficient manner in which the huge task of reconstruction was performed."

ST. FRANCIS DAM BONDS AUTHORIZED ISSUED

An ordinance authorizing the issuance of \$2,000,000 of funding bonds to pay damage claims arising from the St. Francis Dam disaster was adopted by the City Council yesterday and approved by Mayor Oryer. The Council instructed the City Attorney to prepare a notice calling for bids on these bonds and also on \$4,000,000 of water works, electric plant and bridge bonds, which are portions of issues voted for at the elections of 1925 and 1928.

The \$40,000 of water works, electric plant and bridge bonds, a \$1,000,000 issue of funding bonds to pay \$5,000,000 of water works, electric plant and bridge bonds, which are portions of issues voted for at the elections of 1925 and 1928.

It was decided to offer the bonds again soon after the new national administration went into office. Meanwhile, however, an additional \$1,000,000 of \$5,000,000 of water works, electric plant and bridge bonds, which are portions of issues voted for at the elections of 1925 and 1928.

NAUGU MON BULL

FOR COLDS

ASPIRIN

To break a cold harmlessly and in a hurry try a Bayer Aspirin tablet. And for headache. The action of Aspirin is very rapid, so, in cases of neuralgia, neuritis, even rheumatism and toothache, and there's no after effect; doctors give Aspirin to children, infants. Whenever there's pain, think of Aspirin. Genuine Bayer Aspirin has Bayer on the box and on every tablet. All druggists, with proven directions.

Physicians prescribe Bayer Aspirin; it does NOT affect the heart

When You Over-indulge

Every man, woman and child will occasionally over-indulge. But don't suffer for all your indications. It's folly to do so. You can so easily sweeten and settle a sour, upset stomach with a little Phillips' Milk of Magnesia.

Heavy eaters have long since learned the quick comfort this perfect anti-acid brings. Smokers know how it neutralizes nicotine; brings back a sweet taste; guards the breath. Women know what it does for nausea—or rich head-dishes. And when children have over-eaten—are bilious, constipated or otherwise upset—give them a little of the same, pleasant-tasting and milk-white Phillips' Milk of Magnesia.

You'll be through with your problem once you learn the quick relief that Phillips' Milk of Magnesia gives. It has been found to be the most effective remedy for over 25 years. Phillips' Milk of Magnesia is a registered trademark of the E. J. Korff Company, Inc., New York, N. Y.

Morgan Bout Is Moved Up to April 2

The Tod Morgan-Santiago Zorrilla fight was definitely moved one week ahead yesterday, it was announced yesterday by Matchmaker Hayden Williams of the Olympic Club. This bout for the junior lightweight championship of the world will be staged April 2. The switch was made, according to Williams, to permit a leeway of two weeks instead of one between two big fights—the Morgan-Zorrilla one and the Emanuel-Hudkins bout. The original date for Morgan and Zorrilla to battle was April 8. Hudkins and Emanuel meet April 15.

MEDAL TOURNEY FOR NEOPHYTES

Thirty-six-Hole Tournament Drains Brilliant Field

Lakeside Invitation Starts Tuesday and Wednesday

Annandale Event to be Over Fifty-four-Hole Route

BY EDWARD LAWRENCE
Golfers who enjoy tournament competition, the "dub" as well as the low-handicap player, will enjoy a varied and interesting 36-hole tournament scheduled for Tuesday and Wednesday at Lakeside.

Riviera's first annual "yearlings" tournament, to be played on Tuesday and Wednesday, is expected to attract a field in excess of 200, with many of the best young players in the country.

Among the entries are Judge Frederick Hower, J. B. Hanson, E. J. Meyer, C. J. Clark, Frank E. Garbutt, C. H. Crawford, C. W. Riley, Jr., W. C. De Lapp, J. Howard Padlock and a number of others equally prominent.

Dick Smith, chairman of the tournament committee, will be in charge of the tournament. Entrance tickets will be on hand at the clubhouse, and can be filled in with the certificate of "golfing" held.

The tournament will be played on the 36-hole course, which was recently completed. The clubhouse, which is a new building, is a fine example of modern architecture.

RABBIT PUNCHES PAUL LOWEY

TWO GOOD MEETS
THE local track season goes into high gear this coming week-end with interesting meets scheduled between Occidental and Pomona on the one hand and the Olympic Club and Southern California on the other.

Being perfectly neutral and not caring which team wins Mr. W. M. Henry and Mr. B. Dyer, of Occidental and Pomona, respectively, have inaugurated a weeping contest, designed to prove that neither team has a chance for victory.

Being more neutral than either of these distinguished gentlemen because he hasn't seen either team compete this year, the conductor of this column refuses to rush in where angels fear to tread and will let the boys weep it out until Saturday when the athletes can settle the matter for good and all.

Having disposed of this matter, which appears to be an even-steven proposition judging by the tear drops of the neutrals, the Trojan affair with the invaders from San Francisco demands some consideration.

The Winged-O boys handed the Trojans a surprise defeat last year, but are not likely to repeat. The Trojans will be laying for them this time.

ALTHOUGH the Olympic Club has a good team, it does not measure up to last year's. For one thing, Earl Putter, the blond half-miler who made the Olympic Games team, is not running.

Just why Putter, who placed second to Lloyd Hahn in his record time at Cambridge last summer, is on the retired list is not quite clear. I have a note from Bud Spencer, the quartermaster demon, which says Putter is getting it from all angles because he won't run, but Bud vouches for no reason.

For himself Bud also says he will not run against Southern California. "I have not had a suit on," Bud writes. "Have been in the hospital now and then for plastic operations, but nevertheless someone always reports that I will run the relay."

However, the Olympic Club has Storie, another former Stanford star, in the quarter.

Curiously for a club athlete—he is reported to be a better runner than his Stanford performances of a few years ago. "Morrison outsmarted him and outran him Saturday," Spencer says, "but he had to turn a fast quarter to do it."

TERRIBLE FIGHT
"WORSE than the Strickling-Loughran fight in San Francisco four years ago."

That's the report of Jimmy Dougherty, the "Baron of Leipersville," on the Strickling-Sharkey affair at Miami recently.

The good Baron—once again on good terms with Jack Dempsey after three years of estrangement—says the best would have been related to death by the press boys but for their desire to help the old Manassa Mauler in his first promotional effort.

"Very few regular fight fans were here," Dougherty writes from Miami. "The majority were people who come here for the sunshine and climate. It was the most refined gathering of men and women that I've ever seen at a boxing match. I might say that out of the 40,000 who were at the fight 30,000 never saw a fight before, due credit to Dempsey's popularity."

I heard a remark in the barber shop this morning that describes the fight to a T. One man said to his barber: "I hear Strickling intends to turn English."

"The barber replied: 'He'd better detour Georgia and the United States because both he and Sharkey are a disgrace to our country as fighters.'"

THE "THINKER"
IN HIS letter the Baron indorses a clipping from a New York paper which must have done the old gentleman's heart a lot of good.

It showed a cartoon depicting his black warrior—Godfrey—in the pose of a thinker. Before him was the picture of a line of white heavyweights with left hands extended and faces averted—the "typical pose of fighters who won't meet black Godfrey."

Another picture falling before the gaze of the ebony thinker was that of the \$400,000 gate for the Strickling-Sharkey fight, including a \$100,000 guarantee for Sharkey—For the boxers who won't meet Godfrey."

SPORTS SKETCH BY FEG MURRAY

Trojans Down Brain Pucks
In the first intercollegiate ice-hockey game played in the South, the Trojan team of the University of Southern California defeated the U.C.L.A. puck stars by a score of 9 to 2 yesterday afternoon at the Winter Garden Ice Palace.

The Trojans broke in the point score early in the first period when Belliveau, B. C. captain, put one in the net. Belliveau accounted for three more Trojan scores made in the first, second and third periods.

BABE SAILS TO REGATTA VICTORY IN HEAVY SEAS

(Continued from First Page)
wracked havoc with three of the boats competing in the midwinter yachting regatta. The Angels, a light-weather boat, entered in the R-class, split her mainsail but finished. The Pirates, in the same class, also split her mainsail running down to the lee mark but put on a jury rig and finished.

The Friendship, sailed by Claire Neuner, won the day's battle in the R-class. The Alert IV, sailed by Charles Wiman, representing the Corinthian Yacht Club of Marblehead, Mass., was second, and the Heather, third. The Alert IV is leading the point total in this class.

This means that the Jon Lee trophy is again headed East as the Live Yankers won the prize last year for the Marblehead Club. The Heather, Al Christie's boat, representing the Los Angeles Yacht Club, is in second place with 13 1-4 points. The Friendship is in third place in the point score with 11 1-4.

It was in the R-class that the Pirates and the Angela had their mishaps. The six-meter event went to the Maybe, Arthur Rousseau handling the stick. The Maybe sailed the color of the Corinthian Yacht Club of San Francisco. The Ayaway of the St. Francis Yacht Club was second and the Synovae of the Newport Harbor Club, third.

The Maybe's time was exceptionally fast. She covered the course faster than the Friendship, which won the R-class. The Maybe's time was 18.56m. The Friendship took 20.12m. 31s.

The Maybe leads the point total in the six-meter class for the Ben Meyer trophy, with 18 1-2 points. The Ayaway and the Synovae are tied for second with 15 1-4 points apiece.

TROJANS NEED CHARLEY BORAH

(Continued from First Page)
Both of these sprinters could, and can anybody on the Trojan team, except Borah, if he is in shape. Both he and the Trojan team are in a hard-fought battle with the Trojan team.

Dick Wehner, Vic Williams and Milt Maurer will carry the burden, and probably will pick up a couple of third places in the sprint.

STORY FAVORED
Bill Storie, the ex-card, was six yards behind Johnny Morrison when the latter jumped 48.8 in the quarter last week. The best time Gerald Pearson, Troy's best, has made is 50 3-8 s. Storie, second and a third place in the Trojan can pick up here.

Holman turned in a 1m. 32.3s. half against the Cards, the fastest time he has ever made. He was a matter of three or four yards behind Morrison when the latter jumped 48.8 in the quarter last week. The best time Gerald Pearson, Troy's best, has made is 50 3-8 s. Storie, second and a third place in the Trojan can pick up here.

Catcher Sets Put-out Mark; Halts Fires

BAKERSFIELD, March 12. (AP)—Credit: Milt Thomas, rookie catcher of the Oakland baseball club, with twenty put-outs that will never appear in box scores.

The stage returning Oak recruits to training camp here, following practice games at Santa Ana with the Portland rookies, caught fire twenty times from backfiring and at one time, Thomas, riding on the running board with an extinguisher, put out the flames fifteen feet into the air, endangering the lives of the players.

SAN DIEGO MAY PULL SURPRISE

(Continued from First Page)
vided, of course, the Bengals upset the Sageshens this week-end.

In this case there should be a dual meet billed between San Diego and Occidental, say on the 30th inst. However, it is said that in case of a tie, the conference would be a very unsatisfactory way of determining the championship.

San Diego has a fine chance of beating Pomona a week from Saturday. Last year the teams tied, 70 to 70, and the Astecs are stronger this season, while Pomona is slightly weaker. Coach C. E. Peterson has an ace in the hole in his star relay team, which is capable of trimming any quarter in the conference.

He also has tremendous power in the weights with Johnny Brose, Walton, Wilson, Banks, Peterson and Montgomery. Peterson and Montgomery are two of the outstanding javelin throwers in the loop.

Linwood Brown, Tenwilde, Varney and C. Brown will pick up a lot of points in the sprint, in the distance runs, while Willie Worden rates as the best quarter-miler in the circuit. San Diego is a bit weak in the sprint, high jump and pole vault. Capt. Maurice Fox does the hurdling and broad jumping.

Pomona and Occidental athletes will take the day's work today prior to their struggle of Saturday. Both coaches held their charges back a bit last week-end in order to have them in the best possible shape for the big test.

Trojan Frosh Crush Chaffee

ONTARIO, March 12.—The University of Southern California freshmen ran up an easy 103-14 score over Bert Heister's Chaffee College track team here today. Cecil Schnelle, with first places in both sprints, was high-point man of the meet. Cliff Halstead, the galloping truckhorse, took third in the 220, second in the 440, and let his team-mate Leonard lose home time in a 4:17.8 mile. The Trojans took every first place in the meet.

Results:
100-yard dash—Won by Schnelle (F.) 16.2. Second, Coleman (C.) 16.4. 200-yard dash—Won by Schnelle (F.) 33.2. Second, Coleman (C.) 33.4. 400-yard dash—Won by Schnelle (F.) 1:10.2. Second, Coleman (C.) 1:10.4. 800-yard dash—Won by Schnelle (F.) 2:20.2. Second, Coleman (C.) 2:20.4. 1,600-yard dash—Won by Schnelle (F.) 4:40.2. Second, Coleman (C.) 4:40.4. 3,200-yard dash—Won by Schnelle (F.) 9:20.2. Second, Coleman (C.) 9:20.4. 6,400-yard dash—Won by Schnelle (F.) 18:40.2. Second, Coleman (C.)

SOCIETY

BY JUANA NEAL LEVY

Invitations are being issued by Mrs. Sloan-Orcutt of the Langham for a luncheon honoring Mrs. Clark L. Ingham and her daughter, Mrs. Ingham Van Cleft of Buffalo, N. Y., the affair to take place at the Biltmore, Monday afternoon, April 1, at 1 o'clock. Mr. and Mrs. Ingham and their daughter are enjoying a visit at the Huntington and will be much entertained during their brief sojourn in the Southland.

An interesting feature of the visit is that Mrs. Orcutt and Mrs. Ingham were friends in their girlhood days, and both attended the exclusive school of Mrs. Sylvanus Reed in New York City, then one of the most fashionable finishing schools in Gotham.

After more than five years in Florence, Italy, Mr. and Mrs. Henry Fisher, formerly of Redlands, are again in Southern California, and with their attractive daughter, Mrs. Camillo Carlo Della Noce, are registered at the Vista Del Arroyo in Pasadena.

The marriage of Miss Della Fisher to Lieut. Della Noce was one of the brilliant events of September 1, 1927, and since her marriage to the gallant officer of the Royal Italian Cavalry she has made her home in the Italian city.

The elder daughter of Mr. and Mrs. Fisher, the Marchese Catalano Gonnaga (Natalia Fisher), also makes her home in Florence.

The Fishers have a lovely home in Villa Il Merlo Bianco, in Florence, where they entertain extensively and are prominent in the large American colony of Florence.

The wedding of Miss Natalia Fisher and the Marchese Gonnaga, an

PARENTS ANNOUNCE BETROTHAL

Prominent Families Will Be United

Every Tuesday and Friday at 1:30 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cooking in the lecture room of the Southwest Building, 130 South Broadway.

SALMON CROQUETTES
Mix two cups of cold cooked salmon freed from all skin and bones and broken into flakes with two well-beaten eggs, one and one-half cups of sifted bread crumbs, one-half cup of melted butter, one-half a cup of cream, one teaspoonful of baking powder and one teaspoonful of salt and cayenne pepper, roll in croquette shapes, dip in beaten egg, roll in cracker crumbs, fry in deep hot shortening on a tinfoil-covered plate, garnish with lemon slices and parsley.

LIMA BEAN SALAD
Mix in a cold bowl that has been rubbed with a crushed clove of garlic one and one-half cups of cooked and chilled lima beans, three-quarters of a cup of chopped green peas, one-half cup of a cup of peeled and diced cucumbers, one chopped pimiento, four tablespoons of chopped sweet pickles, a half cup of paprika, mix all together with one cup of lemon French dressing. Pour on lettuce-covered plates, garnish with strips of pimiento and chopped walnut meats.

PEANUT AND CARROT LOAF
One cup of cooked chopped carrots, one cup of coarsely ground peanuts, one cup of strained tomatoes, one cup of fine bread crumbs, two tablespoons of butter, four eggs, slightly beaten, one teaspoonful of paprika, a seasoning of salt and paprika. Combine the carrots and peanuts, add the other ingredients

and form into a loaf. Place in a well-oiled pan and bake one hour in a medium oven.

ALMOND COOKIES
Two cups of butter, one cup of sugar, the yolk of two eggs, one cup of sifted flour, one lemon, one teaspoonful of baking powder, one cup of finely chopped almonds, five to six cups of flour, one teaspoonful of almond extract, cream the butter, add the sugar, a little at a time, and continue creaming. Stir in the egg yolks, lemon juice and rind and the almonds, sift two cups of the flour with the baking powder, work into the mixture, and add more flour as it is necessary. Roll out thin, cut, place on a baking sheet, sprinkle with sugar and bake in a moderate oven.

SLICED PINEAPPLE PIE
Two-thirds of a cup of sugar, one cup of cream, two eggs, one tablespoonful of butter, one cup of flour, one cup of cornstarch, place in a double boiler, two-thirds of a cup of the cream, moisten the cornstarch with a little water, add to the mixture, stir, and pour into a baked pastry shell and allow to cool.

Mrs. Wyman does not really intend to teach, she merely wishes to give pleasure and instruction. All recipes are reproduced by Mrs. A. L. Wyman.

CHILDREN'S PARTY AID PROFFERED
New Shop at Bullock's Has All Manner of Fascinating Things for Amusement

BY OLIVE GRAY
"From the invite to the good-night." Such is the legend on the outer walls of that new and intriguing shop, Bullock's.

How many times have you faced the necessity of giving a children's party, utterly at a loss how to go about it? So long since you were a 3-year-old, or a 10-year-old, and possibly the change in times and tastes of youth have precluded your knowledge of what may serve to interest even the junior of 18.

What do these young people like? Not yet of the bridge age, yet beyond dolls, you guess. What shall they do, what have, how be amused? This novel shop removes all your youthful party cares. Takes over entire responsibility from the kind of party to give to the amusements, the foods, the entertainments, the prizes.

The pirates' party, with exciting prizes traced on the invitations, a pirate ship for the luncheon centerpiece, small but threatening pirates stationed about the place, something practical for prizes, obtained by means of games equally piratical.

Or an aviation party—a Lindy party, if you please. Everything aeronautical for the air-minded, with place cards, as place cards, as prizes.

Or for the motor-minded an automobile scheme. A Mother Goose event with all the familiar yet novel paraphernalia of the good old theme. Or for an Easter bunny, or chick, or duck party—a world of novel suggestions.

In such simple matters as his personal appearance, his hospitality, his spending money we should see to it that he comes within the lines of the acceptable as far as his own group is concerned. This is not simply catering to a childish whim, it is helping him make one of the most important adjustments of his life. For above all things he needs during these years to feel himself a social being, one who belongs.

CANADIANS PLAN TO ENTERTAIN CADETS
Plans for the entertainment of the Canadian naval cadets who will visit Los Angeles upon the arrival of H. M. S. Vancouver were begun yesterday by the Canadian Tourists' Society and affiliated clubs. Arrangements will be announced at the next concert and entertainment of the Canadians in this city, the 21st inst., at 416 South Spring street. J. Hooper, president of the society, notified the members that the spring reunion and picnic will be at Brookside Park, Pasadena, Sunday, April 7. He expects 10,000 former Canadians now residing here to meet the tourists and Canadian navy visitors.

SHRINERS WILL VIEW SOUTHLAND BEAUTIES
Thousands of visiting Shriners and their families will behold the beauties of Southern California during the Shrine convention here June 4, 5 and 6. A large fleet of automobiles under the direction of William E. Bush of the Shrine entertainers will take the party on daily excursions with the guests to near-by cities. The tours will include, besides trips to the beach cities, Pasadena and numerous points of beauty in the orange belt.

ERAPORATED MILK
Q. O. M. L. asks: "It is all right to use evaporated milk for pudding and creaming vegetables? What I mean, is the food value contained in each new ally case of evaporated milk for creaming vegetables as there is less water in the evaporated milk and is a really richer

and form into a loaf. Place in a well-oiled pan and bake one hour in a medium oven.

Takes over entire responsibility from the kind of party to give to the amusements, the foods, the entertainments, the prizes.

The pirates' party, with exciting prizes traced on the invitations, a pirate ship for the luncheon centerpiece, small but threatening pirates stationed about the place, something practical for prizes, obtained by means of games equally piratical.

Or an aviation party—a Lindy party, if you please. Everything aeronautical for the air-minded, with place cards, as place cards, as prizes.

Or for the motor-minded an automobile scheme. A Mother Goose event with all the familiar yet novel paraphernalia of the good old theme. Or for an Easter bunny, or chick, or duck party—a world of novel suggestions.

In such simple matters as his personal appearance, his hospitality, his spending money we should see to it that he comes within the lines of the acceptable as far as his own group is concerned. This is not simply catering to a childish whim, it is helping him make one of the most important adjustments of his life. For above all things he needs during these years to feel himself a social being, one who belongs.

CANADIANS PLAN TO ENTERTAIN CADETS
Plans for the entertainment of the Canadian naval cadets who will visit Los Angeles upon the arrival of H. M. S. Vancouver were begun yesterday by the Canadian Tourists' Society and affiliated clubs. Arrangements will be announced at the next concert and entertainment of the Canadians in this city, the 21st inst., at 416 South Spring street. J. Hooper, president of the society, notified the members that the spring reunion and picnic will be at Brookside Park, Pasadena, Sunday, April 7. He expects 10,000 former Canadians now residing here to meet the tourists and Canadian navy visitors.

SHRINERS WILL VIEW SOUTHLAND BEAUTIES
Thousands of visiting Shriners and their families will behold the beauties of Southern California during the Shrine convention here June 4, 5 and 6. A large fleet of automobiles under the direction of William E. Bush of the Shrine entertainers will take the party on daily excursions with the guests to near-by cities. The tours will include, besides trips to the beach cities, Pasadena and numerous points of beauty in the orange belt.

ERAPORATED MILK
Q. O. M. L. asks: "It is all right to use evaporated milk for pudding and creaming vegetables? What I mean, is the food value contained in each new ally case of evaporated milk for creaming vegetables as there is less water in the evaporated milk and is a really richer

and form into a loaf. Place in a well-oiled pan and bake one hour in a medium oven.

ALMOND COOKIES
Two cups of butter, one cup of sugar, the yolk of two eggs, one cup of sifted flour, one lemon, one teaspoonful of baking powder, one cup of finely chopped almonds, five to six cups of flour, one teaspoonful of almond extract, cream the butter, add the sugar, a little at a time, and continue creaming. Stir in the egg yolks, lemon juice and rind and the almonds, sift two cups of the flour with the baking powder, work into the mixture, and add more flour as it is necessary. Roll out thin, cut, place on a baking sheet, sprinkle with sugar and bake in a moderate oven.

SLICED PINEAPPLE PIE
Two-thirds of a cup of sugar, one cup of cream, two eggs, one tablespoonful of butter, one cup of flour, one cup of cornstarch, place in a double boiler, two-thirds of a cup of the cream, moisten the cornstarch with a little water, add to the mixture, stir, and pour into a baked pastry shell and allow to cool.

CHILDREN'S PARTY AID PROFFERED
New Shop at Bullock's Has All Manner of Fascinating Things for Amusement

BY OLIVE GRAY
"From the invite to the good-night." Such is the legend on the outer walls of that new and intriguing shop, Bullock's.

How many times have you faced the necessity of giving a children's party, utterly at a loss how to go about it? So long since you were a 3-year-old, or a 10-year-old, and possibly the change in times and tastes of youth have precluded your knowledge of what may serve to interest even the junior of 18.

What do these young people like? Not yet of the bridge age, yet beyond dolls, you guess. What shall they do, what have, how be amused? This novel shop removes all your youthful party cares. Takes over entire responsibility from the kind of party to give to the amusements, the foods, the entertainments, the prizes.

The pirates' party, with exciting prizes traced on the invitations, a pirate ship for the luncheon centerpiece, small but threatening pirates stationed about the place, something practical for prizes, obtained by means of games equally piratical.

Or an aviation party—a Lindy party, if you please. Everything aeronautical for the air-minded, with place cards, as place cards, as prizes.

Or for the motor-minded an automobile scheme. A Mother Goose event with all the familiar yet novel paraphernalia of the good old theme. Or for an Easter bunny, or chick, or duck party—a world of novel suggestions.

CHILDREN'S PARTY AID PROFFERED
New Shop at Bullock's Has All Manner of Fascinating Things for Amusement

BY OLIVE GRAY
"From the invite to the good-night." Such is the legend on the outer walls of that new and intriguing shop, Bullock's.

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 1:30 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cooking in the lecture room of the Southwest Building, 130 South Broadway.

SALMON CROQUETTES
Mix two cups of cold cooked salmon freed from all skin and bones and broken into flakes with two well-beaten eggs, one and one-half cups of sifted bread crumbs, one-half cup of melted butter, one-half a cup of cream, one teaspoonful of baking powder and one teaspoonful of salt and cayenne pepper, roll in croquette shapes, dip in beaten egg, roll in cracker crumbs, fry in deep hot shortening on a tinfoil-covered plate, garnish with lemon slices and parsley.

LIMA BEAN SALAD
Mix in a cold bowl that has been rubbed with a crushed clove of garlic one and one-half cups of cooked and chilled lima beans, three-quarters of a cup of chopped green peas, one-half cup of a cup of peeled and diced cucumbers, one chopped pimiento, four tablespoons of chopped sweet pickles, a half cup of paprika, mix all together with one cup of lemon French dressing. Pour on lettuce-covered plates, garnish with strips of pimiento and chopped walnut meats.

PEANUT AND CARROT LOAF
One cup of cooked chopped carrots, one cup of coarsely ground peanuts, one cup of strained tomatoes, one cup of fine bread crumbs, two tablespoons of butter, four eggs, slightly beaten, one teaspoonful of paprika, a seasoning of salt and paprika. Combine the carrots and peanuts, add the other ingredients

and form into a loaf. Place in a well-oiled pan and bake one hour in a medium oven.

ALMOND COOKIES
Two cups of butter, one cup of sugar, the yolk of two eggs, one cup of sifted flour, one lemon, one teaspoonful of baking powder, one cup of finely chopped almonds, five to six cups of flour, one teaspoonful of almond extract, cream the butter, add the sugar, a little at a time, and continue creaming. Stir in the egg yolks, lemon juice and rind and the almonds, sift two cups of the flour with the baking powder, work into the mixture, and add more flour as it is necessary. Roll out thin, cut, place on a baking sheet, sprinkle with sugar and bake in a moderate oven.

SLICED PINEAPPLE PIE
Two-thirds of a cup of sugar, one cup of cream, two eggs, one tablespoonful of butter, one cup of flour, one cup of cornstarch, place in a double boiler, two-thirds of a cup of the cream, moisten the cornstarch with a little water, add to the mixture, stir, and pour into a baked pastry shell and allow to cool.

ACTOR SHOTS SELF IN LEG
He Waxes too Realistic and Gets Wax Bullet Right in His Right Thigh
Bernard Mahoney, 28 years of age, of 223 North Gower street, accidentally shot himself in the right thigh with a wax bullet yesterday while rehearsing a stage effect for a Red Cross pageant at the Georgia-street Receiving Hospital.

DOESN'T WANT JUGGLING
"They will try to slip something over on us women and handicap the younger women out in the world who have to compete with men. A harmless comma inserted in an amendment to the eight-hour law may work havoc," said Mrs. Maynard. "Let the eight-hour law remain as it is and let us do all in our power to prevent its being juggled with. These amendments are presented by nobody-knows-who. The man who carried them to the clerk said they were left on his desk and refused to say who drew them up. Let us not be led into making laws that will not be obeyed. We already have more legislation than we should and this will only add to our burdens and will not protect young working girls as is claimed by the labor union element which is behind them," she said.

DANGERS OF DELAY
A motion for the president to appoint a committee to investigate both sides of the question was lost. "Delay in action means we stand would be useless," stated Mrs. Carvel. "Already we have attended many meetings and have heard prominent discussions of the subject," she added.

Veterans for City Chauffeur Service Urged
Recommendation that ex-service men, experienced in automobile driving, be employed as chauffeurs for the Mayor and members of the City Council, thereby allowing regularly appointed police officers now working in that capacity to return to active duty as patrolmen, was made by Chief Javis yesterday in a letter directed to the Police Commission.

Burglars Rob Three Homes in City's Suburbs
Burglars entered three homes in suburban districts of Los Angeles during the last forty-eight hours and obtained cash and jewelry valued at more than \$200, according to reports filed at the Sheriff's office yesterday.

Slugged Youth's Friends Sought
Deputy Sheriff yesterday were attempting to find friends and relatives of a youth who gave his name as Robert Brown of Portland, Or., who was found lying unconscious beside the highway at One Hundred and Ninetieth and South Main streets late Monday night.

DANCE FOR MONTANANS
The monthly dance of the Montana Society will be held at the El Patio Ballroom the 24th inst. A program will be given under the direction of Mrs. Irene D. Semper, formerly of Butte, the music being furnished by Maurice Menge and his orchestra.

BROADWAY • HILL • AND • SEVENTH • "ONE • O'CLOCK • SATURDAYS"
INAUGURATION MONTH!
BULLOCK'S
Inaugural! Nite Robe Ensembles, \$10.75

***Formold Corsettes Today...\$7.50**
The foundation garment over which the season's most successful costumes may be worn.
A garment that beautifies the natural lines of the figure, that mold it smartly. This one in particular features the new softened natural bustline, normal waistline and slim hips. Remarkable value at \$7.50 today.
*Formolds are shown at Bullock's exclusively in Los Angeles!
Hill Street Elevators to Corset Shop, BULLOCK'S, Fourth Floor

For Easter—Give An Electric Egg Cooker, \$6.00
At last—eggs cooked exactly as you want them! Cook them yourself—right at the table—in a Hancraft Egg Cooker. Put the eggs in the cooker—turn on the current—the eggs cook in live steam exactly the time you have indicated. When the egg is done, the current turns off automatically. Artistically designed of shining silver-like metal with colored base and handle... \$6.
Electric Section... Bullock's, Second Floor, Hill Street

Home Dresses Linen, \$7.50
An Inauguration value for today in Bullock's Better Home Dress Section.
Home Dresses of Linen. Sleeveless. Peter Pan collar. Dainty touches of hand hemstitching, hand embroidery and contrasting color piping details.
Skirt plain in back but with box pleats or kick-pleats in front.
White, Blue, Nile, Orchid, Pink.
Misses' sizes 16, 18; women's sizes 36, 42.
Values that will inspire generous selections! \$7.50 today!
Broadway Elevators to Better Home Dresses, Bullock's, Fourth Floor

Bright Prints! Dresses, \$5.95
Invariably the woman who is well dressed outside her home is as daintily and appropriately costumed when engaged in home duties indoors.
She uses the same care for line, color, and detail, in choosing her morning frocks as she gives to the selection of street costumes.
In a season of prints, her morning frocks are selected of Bright Cotton Prints! Their necklines and hip-lines and general characteristics are similar to the mode of the day.
Attention is given to the design—flowers or conventional motifs—in clear, bright color harmonies in rose, blue, green or white grounds.
All this and more Bullock's has considered and incorporated in these morning frocks... So bright, so colorful, so valuable, at \$5.95 today!
Broadway Elevators to Morning Dresses, Bullock's, Fourth Floor

ONDULE! A French name for these hats!
Waved!... And these undulations very flattering indeed. Just enough transparency for shadows. Just enough body for smartness... The perfect hat to wear with afternoon costumes—lace dresses—summer chifons... Bullock's plans this collection of soft-silhouette hats as a smart contribution to Inauguration Month... The types of hats that smart women are asking for—at the very low price of \$15.
Millinery Fashions, Third Floor

Ensemble Blouses For Easter Gifts \$19.50
Vogue of the Sun colors. Spirited Prints. Flattering necklines. Swathed hip-lines. Points that stress ensemble blouse lines. Blouses that were bought with the Easter Gift season in mind. Blouses, that come up to Bullock's Inauguration Month plans for value and style!
The Ensemble Blouse proves the better part of the costume. It often determines the striking color contrasts of the ensemble. Such a gift is invariably acceptable at Easter!
Take Broadway Elevators to Ensemble Blouses, BULLOCK'S, Third Floor

smart with the tailleur \$95
Fisher Scarfs!

How Low Priced!
With the severe new necklines... every woman past her 'teen turns to the fur scarf. These 20 Fisher Scarfs at \$95 represent an opportunity that comes but rarely.
Of course, you know the Fisher! How handsome it is, as is expected of a close relative of the sable! Dark, rich brown with long, black overhairs. These are the silky, dark skins that are considered the finest. And Fisher will keep its beauty for many seasons.
At \$95, your Fisher Scarf will be an investment in satisfaction for years.
Furs... Bullock's, Third Floor, Hill

Silk and Fabric Bags! Gifts! \$5, \$7.50
Fresh from their wrappings... shown for the first time today! Very new... very much the vogue are these Handbags of sports silk and fabric. Buy one to give for Easter... and one to keep for yourself! The prices are very low—only \$5 and \$7.50.
Many new styles. Many new colors. Dapper envelopes, pouches, top and back-strap bags. The sun tan shades, of course... also many good blues, reds, greens in tricolor effects and allover patterns. Unusual, decidedly, at \$5 and \$7.50!
Handbags, BULLOCK'S, Street Floor, Broadway

Sheernette Hosiery for Easter \$2.00
If she hints for Hosiery... give her Sheernette! They're very new and very costly-looking. And that's the nicest thing about it... because they aren't costly at all! Only \$2 pair! In nude, gray, beige, camel, fawn, white.
Hosiery... Bullock's, Street Floor, Broadway

Chinese Brass Candelabra \$3.75!
Only 50 of these unusual values... so shop early today! (Phone orders accepted.) Of shining Chinese brass... 9 inches tall. A handsome table or buffet decoration at an unusually low price. \$3.75!
Oriental Shop... Bullock's, Fourth Floor, Hill

Handkerchiefs Monogrammed Free
When purchased in lots of one dozen or more! These are fine Irish Linen Handkerchiefs, especially imported for this event. Your choice of monogram... one, two or three initials, or your name in script... without charge with every purchase of one dozen of these Handkerchiefs. Women's Irish Linen, with hems of varying widths... \$3, \$4 and \$6 dozen. Men's Irish Linen Handkerchiefs... \$5, \$6 and \$7.50 dozen.

HIGH LIGHTS IN HISTORY 1287

The Story of the World War
57—Some Interesting Phases of Trench Fighting.

by J. CARROLL MANSFIELD

WHILE THE WORLD WAR CALLED MANY NEW MILITARY INVENTIONS FOR OFFENSE AND DEFENSE, NOT A FEW ANCIENT DEVICES WERE BORROWED FROM THE PAST. TAKING A LEAF FROM THE MIDDLE AGES, STEEL HELMETS WERE ADOPTED AS A PROTECTION AGAINST FALLING SHRAPNEL, SABRES AND RIFLE-BUTTS.

EXPERIMENTS WERE MADE WITH ARMOR TO PROTECT THE BODY, BUT, SINCE IN TRENCH FIGHTING THE HEAD WAS THE PART MOST OFTEN EXPOSED AND FREEDOM OF MOVEMENT ESSENTIAL, BREAST-PLATES NEVER CAME INTO GENERAL USE. A NUMBER OF OLD-TIME WEAPONS WERE BROUGHT INTO PLAY, AMONG THEM THE HAND GRENADE, FOR USE AT CLOSE QUARTERS.

HAND-TO-HAND FIGHTING IN THE NARROW TRENCHES REVERTED TO THE PRIMITIVE. THE RIFLE WITH ITS BAYONET WAS USED AS A SPEAR OR A CLUB. PISTOLS AND KNIVES WERE EMPLOYED AND SOMETIMES EVEN HOB-NAILED SHOES AND BARE HANDS BECAME DEADLY WEAPONS.

ONE OF THE MOST INTERESTING PHASES OF THE USE OF TRAINED DOGS AND CARRIAGES TO BEAR MESSAGES FROM THE REAR THROUGH AND OVER THE HUMAN COURSE WAS NOTED. THESE BRAVE DOGS WERE ALWAYS LOCATED AND SUCCESSFULLY WOUNDED. "NO MAN'S LAND."

GIRL ACCUSED IN ARSON QUIZ

Visitor to Christian College Jailed
Mystery Charge Made for Dormitory Theft

Accused of committing burglary while she was a visitor to Christian College's dormitory, Lydia Allen, 20 years of age, was arrested yesterday at her father's home, 309 Ojai street, Santa Paula.

Lieutenants Doane and Smith, who lodged her in the jail here, reported that the girl had stolen jewelry and clothing from a dormitory room on February 24, last.

The girl, who was charged with burglary, was taken to the Santa Paula jail, where she was held on a charge of burglary.

The girl's father, Mr. Allen, is a merchant in Santa Paula. He has plenty of money and there is no apparent reason for her turning to theft.

She was booked on charges of burglary and arson.

SIGNAL TURNS IMPOSED BY OFFICER

That section of the traffic which allows autos to turn right against a stop sign, the central traffic division has been recommended to the commission by Deputy Chief in charge of the traffic division.

The commission is now considering the provision by which the turn from the second side of the street is made, thereby causing confusion and danger.

The commission is now considering the provision by which the turn from the second side of the street is made, thereby causing confusion and danger.

CORDUOYS BARRED FROM DANCE

Known as corduroys, will be seen free and grace this semester. On that date, the upper classmen will hold their annual dance at the Whiting ranch.

The dance will be held at the Whiting ranch, near the junction of the Santa Ana and San Joaquin rivers.

The dance will be held at the Whiting ranch, near the junction of the Santa Ana and San Joaquin rivers.

ARMY TO FIGHT

Residents of Harrison, Minn., now in Los Angeles, will have a picnic at South Beach street, and South Beach street, Sunday.

The picnic will be held at South Beach street, Sunday.

"IRON MASK" IS DISTINCT EVENT

Premiere Draws Brilliant Crowd to Circle

Feature Notable in Quality and Ending

Fairbanks and Mary Take Bow to Ovation

BY EDWIN SCHALLERT

Even in tragedy he is an optimist. Douglas Fairbanks proves it in "The Iron Mask." With two ultimate screen titles in this, his most elaborate production since "The Thief of Bagdad," he achieves a life of gaiety that half-witfully, but courageously smiles at death. There is greater adventure beyond—that is one. The other is the word, "The Beginning" substituted for the familiar and conventional "The End."

Before that, "The Iron Mask" has gone on a hectic course of action through French seventeenth-century politics with musketeering adventure, climaxing ever and anon in the swift cutting strokes of the eternal reaper.

Perhaps enough has been said to suggest the impression that "The Iron Mask" is a variation from the Fairbanks normal of light and merry action tales. Doubtless, too, the first-night audience found it so last evening at the Caribay Circle Theatre. They received it with keen interest, and frequently with applause.

It was decidedly a big premiere. All reservations had been made more than a week in advance. As representative folk were on hand for any more recent opening, a Fairbanks first showing is always an event.

"The Iron Mask," while not actually so programmed, is in its general aspects a sequel to "The Three Musketeers." Doug is again d'Artagnan. He has his Athos, Porthos and Aramis, companions in swash-buckling exploits. The quartet fight their concerted battles. They indulge in their familiar devilry and humorous pranks. They even occupy together a huge four-poster bed, which is a laugh in itself.

There is much of the production that is contrived in the mythical vein. There is much of it too that discloses the Fairbanks of thrilling athletic feats. His leap from a tree to a grating window brought a gasp. There was applause for his quick jump from the top of a stairway, followed by a spring into the saddle of a horse, as he rides to the rescue of the Lady Constance.

All the dependable cleverness, the reliable stunts, he invokes to give this is feasible. And they are captivated. Yet for all that it reawakens delightful echoes and memories of his high-tempo films of the past, "The Iron Mask" is in the gallery of production of strange minor moods, and as such it must be judged.

There are, after all, but a handful of its characters left after the first heavy toll is taken. One after another, Constance, Richelieu, Athos, Porthos, Aramis and finally d'Artagnan are victims of its tragic scope. The musketeers are separated and brought together only for a brief moment ere their death.

I like the splendid experimental impulse of this film. It is a step toward a new goal. It is exquisitely done in setting and photography. It is animated as a narrative, and it covers a far-flung variety of situations, and plots and counterplots in an able and craftsmanlike way.

I feel that the fundamental groundwork of the plot, the birth of the twin brother to the heir of the French throne, is mechanical and weak as a theatrical expedient. So, perhaps is the matter of his being stolen away. It doesn't quite ring true.

But once this has been accepted, the story moves convincingly along, and is distinctly a plunge for its creator into a new path. There may be lapses in logic here and there, but they are not over serious. Occasionally, too, the film is a little slow.

Doug plays d'Artagnan at two widely separated periods of his career. He wears a gray wig with becoming value in the second half of the picture. This process of aging doesn't interfere with his agility any more than his necessary, for he does a Houdini disappearance stunt when he manages to escape from the clutches of the conspirators.

And, without question, the fine emotion of the ending is a rare and unforgettable thing. It will win the admiration of those who like this established mood.

In a way, "The Iron Mask" may be considered a transition picture for Doug just as "The Godson" was, but it is distinctly a better picture in every way than that immediate predecessor. It is also one of the most beautiful and richest features pictorially that Fairbanks has ever made. The settings of the French court, the huge crowds that gather for the announcement of the daughter's birth, all spell large and worthy investments in the adornment of the screen. Quality is evident throughout.

And, without question, the fine emotion of the ending is a rare and unforgettable thing. It will win the admiration of those who like this established mood.

"Sonny Boy" Boasts Sterling Cast

Betty Bronson
Appears prominently in a cast which includes Edward Everett Horton, Gertrude Olmsted, John T. Murray, Tom Dugan, Edmund Breese, Lucy Beaumont and Jed Prouty—in support of Little Davey Lee. The picture, a talker, will come to Warner Brothers Theatre in Hollywood on Monday.

SILENT FILMS HOLD OWN

Votes Pour in as Fans State Preferences; Officials of Many Studios Favor Poll

The silent films are still in the ascendency. But votes for the talkies are pouring in heavily, since public interest conducted by The Times as to talking vs. silent pictures.

What is your choice in this debate? Do you like your screen entertainment silent or do you prefer pictures with full dialogue, with sound effects and musical scoring? For your convenience in answering and having a voice in this grave question a ballot appears below. The Times will fill out and mail to The Times Annual Pre-View as soon as possible.

The forthcoming Annual Pre-View will present the results of this poll, and in conjunction will be the star attraction. Opinions, too, of themselves will be listed, all of which will make the survey the most complete and comprehensive ever attempted upon the subject. Studio executives and officials are unanimous in their praise of The Times' latest project for adjudging public opinion on the merits of talking and silent pictures. E. P. Schenck, associate producer at Paramount, declares that the survey "will be a tremendous interest to motion-picture producers. It will give us the first constructive idea as to public reaction on dialogue pictures."

Leo Carrillo will appear in "The Bad Man" with the Henry Duffy Players at the President, following the run of the mystery thriller, "The Skull," according to an announcement today from the Henry Duffy headquarters.

Carrillo, one of the most popular of stage stars, was seen here last in "Lombard, Ltd.," which opened the Hollywood Playhouse under Henry Duffy's management and which played to ten attendance-smashing weeks. He has just concluded an engagement of thirty-three weeks in the comedy in the various theaters of the Duffy circuit, and has chosen "The Bad Man" for his next appearance. The role of Pancho Lopez, the swaggering, boastful, humorous and amoral Mexican bandit, was written especially for him by Porter Emerson Browne. When "The Bad Man" is presented in New York prior to Carrillo's appearance, it will be the first time that the role has been acted by Carrillo during the year's run of the piece at the Comedy Theatre in that city.

"The Bad Man" will have its first production at the President the 24th inst. This announcement means that the mystery thriller, "The Skull," is now in the last two weeks of its run.

The cast of "The Bad Man" is not being chosen and rehearsals will start at once under the direction of Edwin H. Curtis.

"OLD HOMESTEAD" GIVEN
Thompson's melodrama, will be revived this evening by the Troupers Greenroom organization, at the Troupers Theatre, 1743 Ivar street, Hollywood. Burr McIntosh will be featured in the cast. The aim of the trouper is the building of a home for elderly actors.

Talkies vs. Silent Films
Votes are pouring in for The Times Annual Pre-View survey of talkies versus silent films. A large number of readers have already indicated their preferences, and the race in two forms is waxing hotter and hotter. May we have your opinion on attached ballot?

Please indicate your preferences by check marks in the Times Annual Pre-View, Times Building, Los Angeles. Thanks.

1. Do you prefer talking pictures to silent ones? Yes No
2. Do you want silent films eliminated? Yes No
3. Do you like recorded music with pictures? Yes No
4. Do you like pictures in which sound is limited to music and effects better than talking pictures? Yes No
5. Do you like pictures that are partly talking and partly silent? Yes No
6. Is your interest in talkies increasing? Yes No
7. Is your interest in talkies declining? Yes No

English Comics to Appear Here in New Thriller

Two popular comedians of the English stage are members of the cast of "The Silent House," the melodramatic thriller which opens a limited engagement at the Belasco Theatre Monday evening. They are Charles McNaughton and Gerald Oliver Smith.

Although Londoners by training, both feel entirely at home on the American stage, as they have appeared as chief comedians in many musical or dramatic pieces in the East. They are said to offer them rich opportunities.

McNaughton, who comes of a famous theatrical family, scored his first big hit on this side in "The Spring Maid," while Smith, who has been brought back to America to appear in "The Silent House," which comes to the Belasco from the East, intact.

Teaming Found Advantageous

Nancy Carroll and Buddy Rogers, stars of "Abie's Irish Rose," current attraction at the Fox-Criterion, have just finished another co-starring picture at the Paramount studios. As a result of their excellent work on "Abie's Irish Rose" they were paired in "Close Harmony."

Miss Carroll is now playing the leading role in "Burlesque," based on the New York stage success. Hal Skelly, who created the leading male role in the stage version, is playing with Nancy under the direction of John Cromwell and Edward Sutherland.

Starting tomorrow at the Fox-Criterion, Creator, new leader of the theater's orchestra, will offer a selection of Irish airs; and Sunday a special St. Patrick's Day program. The 28th inst., the Criterion will have as guests all the children from the Jewish Orphan Home, and on the following day, inmates of the Jewish Home for the Aged.

The Criterion reports that "Abie's Irish Rose" during the first four days of its run has exceeded in patronage the record set up by "In Old Arizona" on December 25, 26, 27 and 28, 1928.

Injuries Fail to Halt Actor

John B. Little has resumed his role of Monty Montgomery in "Squawk," the comedy-drama now running at the Mayan Theatre, after an enforced absence from the stage of several days.

The well-known actor sustained four broken ribs and other injuries last Friday when the chair in which he was sitting while directing a rehearsal slipped and hurled him into the orchestra pit. Although not entirely recovered from his injuries Little insisted that he be permitted to resume his role, which has been filled by John McDermott, author and producer of the play, during the leading man's confinement at the hospital.

Those who have viewed Little's work since his return to the strenuous characterisation of Monty Montgomery little realize that he is working under a severe handicap sustained in his fall from waist to chest. But no one has heard a "squawk" from him.

Olsen-Johnson Act Retained

Complying with innumerable requests, the Orpheum Theatre will hold over Olsen and Johnson, "princes of nonsense," for a second week starting Sunday, it is announced.

Presenting a new edition of "Merry Mad Minutes," the funsters will be supported by the Norman Hopper, other stars of their current company, and their young namesake, Olsen Johnson, 175-pound prize fighter, who recently scored a technical knockout over one of Stanley Walker's sparring mates in San Francisco.

While every effort is being made, it is said, to hold Jack Benny over for a fourth week as master of ceremonies, previously arranged San Francisco bookings must be local engagement next week uncertain.

Black Crows to Perform Again

The largest sum ever paid to a vaudeville act is reliably stated to be the check signed by Alexander Pantages in favor of the Two Black Crows when they played at his theatre here last season. But it was so large that Charles Mack, the business manager of the team of Moran and Mack, would not take it in cash, though vaudeville performers usually demand payment in currency. As the business for the Crows' engagement last year was absolute capacity at Pantages Theatre, the amount of their check for the new engagement will start at a figure estimated.

Moran and Mack, appearing in person, have a line of new comedy developed during their winter vacation, where they have been guests for the past six months.

TAX INDICTMENT NAMES WOMAN

Income Return Adviser Said to Have Aided Frauds

Miss Berger First in Series of Expected Charges

False Papers Declared Filed for Film People

As the first of what is expected to be a series of charges of fraud in connection with the making of income-tax returns, Miss J. Marjorie Berger, income-tax adviser, was indicted yesterday by the Federal Grand Jury. She is charged in an indictment of 106 pages of twenty-four counts, each containing an asserted overt act, with aiding and abetting the making of false income-tax returns and with preparing such false returns.

Miss Berger, with her attorney, Mark Herten, was waiting for the indictment and immediately posted bail of \$500 before United States Commissioner Head for appearance for arraignment in United States District Court, probably on Monday.

MANY CLAIMS SETTLED

Her appearance before the Commissioner was the occasion for tears and a hysterical outbreak. The defendant's address is 6777 Hollywood Boulevard.

While it was reported that from 30 to 40 claims of the government for additional income taxes against motion-picture persons, mostly in Hollywood, Culver City and Burbank, were settled, it was intimated that the government intends to make a far-reaching inquiry, going back to the earnings of many motion-picture actors and actresses as far as the year 1923. It was expected that at least one open end, perhaps several secret indictments would be returned by the grand jury Friday.

MORE WITNESSES DUE

The indictment charges that Miss Berger prepared false income-tax returns for Dorothy Mackall, Rodolph R. LaRoque, Lother Mendez, Milton Lewis, and several others. J. William Haines and Robert W. Brown.

It is expected that several additional witnesses will be called before the grand jury on Friday, but Morton Fisher, assistant to the Attorney-General, and Arthur E. Discher, assistant to general counsel for the Internal Revenue Department, were noncommittal on the subject.

LOCHINVAR WINS BRIDE BY ORDEAL

"Big Boy" Gillespie and Stolen Spouse Reunited as Cowboy Meets "Love Test"

Bringing to an end a two-weeks love test imposed by the parents of the bride, George (Big Boy) Gillespie, Arizona singing cowboy, and his wife the former Miss Katherine Thorne, Chicago heiress, were reunited yesterday in Hollywood and will start their wedded life which he had prepared for his bride.

"There is nothing to add to the fact that my wife and I are very happy. We expect to make our home here while I am completing a picture," Gillespie said.

The husband of the third daughter of Mr. and Mrs. Robert J. Thorne of Chicago declined to comment on the report that Mrs. Gillespie arrived here Monday accompanied by her father and that Mr. Thorne is returning to Chicago after leaving an expensive automobile here for the use of the newly wedded pair.

"I know nothing about the plans of the Thorne family," Gillespie said. "My wife is here and we are carrying on the wedding here requested shortly after our elopement and marriage in Phoenix."

Beta Theta Pi Banquet to Be Held Thursday

Initiation of eleven pledges of Beta chapter of Beta Theta Pi at the University of California at Los Angeles will be combined with the annual banquet and meeting of the Beta Theta Pi Alumni Association of Southern California tomorrow evening at the Elks' Temple. It was announced yesterday. The meeting will open at 5 p.m.

The alumni association will have as its guest of honor Dr. Francis W. Shephardson, president of the national fraternity and also president of Phi Beta Kappa, national honorary society, who will come from Chicago to attend the affair.

Invitations have been sent to all members of the fraternity residing in Southern California and more than 600 are expected to attend. Clark A. Ball, president of the alumni, will welcome the new Betas into the fraternity.

Jury Acquits in Newsboy's Death

Charles H. Blake was acquitted yesterday in Judge Bishop's court on a charge of manslaughter preferred against him in connection with the death two years ago of Joseph McInerney, aged newsboy. The Blake charged Blake's automobile ran down and killed McInerney at Washington Boulevard and Rimpau street.

The defense sought to show that McInerney was concealed from Blake's view by a pile of boxes and newspapers, which Blake could not avoid hitting.

The jury deliberated six hours in reaching its decision clearing Blake of the charge.

SYNDICATED NEWS HELD BENEFICIAL

R. L. O'Brien, ex-Editor of Boston Papers, Discusses Trends on Visit Here

By a "Times" Staff Correspondent

PASADENA, March 12.—News-papers are losing their political dominance because people do not take politics as seriously as they once did or because the merging of great dailies has eliminated editorial controversy, according to Robert Lincoln O'Brien, former editor of the Boston Herald and Boston Transcript, who is a guest at the Hotel Raymond.

Mr. O'Brien, who recently retired after serving as editor of the Boston Herald for eighteen years, motored to the Pacific Coast from Boston, before becoming editor of the Boston Herald he was editor of the Boston Transcript for four years. For three years he served as personal secretary to President Cleveland after writing for the Boston Transcript as Washington correspondent.

"The day of the chain newspaper is here to stay and I do not believe any news in complete morning dailies will be established although there may be a few new tabloids," declared the veteran editor.

There is only one morning paper in Denver, Saltville and other cities, and while there may be some slight extension in the evening field, the morning field appears well covered.

I am very much impressed by the increased volume of syndicated material which includes health and beauty talks that is being used. The effect of this syndicated material may result in standardizing thought to some extent, but it has the advantage of removing any regional sectionalism. I spent Lincoln's birthday in the south and noted that the southern papers carried the same syndicated articles of Lincoln that appeared in the north.

Asked whether his name, Robert Lincoln O'Brien indicates that he is related to the emancipator, he explained that he was born in Lincoln's assassination and his parents wished to name him after the martyred President but disliked the name of Abraham Lincoln.

The Boston editor said the United States is entering an era of the greatest productive capacity the world ever has known. Whether the standardization of products and productive capacity will result in over living costs is doubtful, he said, because of the increasing want and higher standards thus created.

Orange juice is the best drink there is and it is becoming more popular in the East as the result of the Eighteenth Amendment and introduction of electric juice extractors, Mr. O'Brien believes.

Motor Culprit Takes Plea to Highest Judge

Edward McCallen of 1015 Fifth street, Long Beach, preferred to have his case heard by the Highest Tribunal, rather than a Los Angeles City Court, it developed yesterday when his name was called by Municipal Judge McDill to face a drunk-driving charge.

Dep. Dist. Atty. charges informed the court that McCallen had been arrested on the charge by Detective Lieutenant Starrist and Shattuck, following an automobile accident at Pico Boulevard and Bonnie Brae street. He then produced a Coroner's certificate showing that McCallen died on the 8th inst. in a hospital. Death was due to poison taken with suicidal intent, the certificate showed. Judge McDill ordered the case off calendar.

DATE FOR PRESENTING MEDALS DEFERRED

Because of a heavy calendar, the Police Commission yesterday deferred for one week setting of the date for presentation of a National Safety Council medal to Officer Fred W. Allen, and certificates of recognition to Officers C. A. Marshall and E. G. Chase for their efforts in saving the life of Mrs. Adell Tucker, 35 years of age, when she was overcome by monoxide gas.

DAY'S REQUEST BACKED

The Police Commission yesterday approved the recommendation of Chief Davis that the Council be asked to appropriate \$698 for the purchase of equipment for police stations with the telephone system for transmitting and receiving messages.

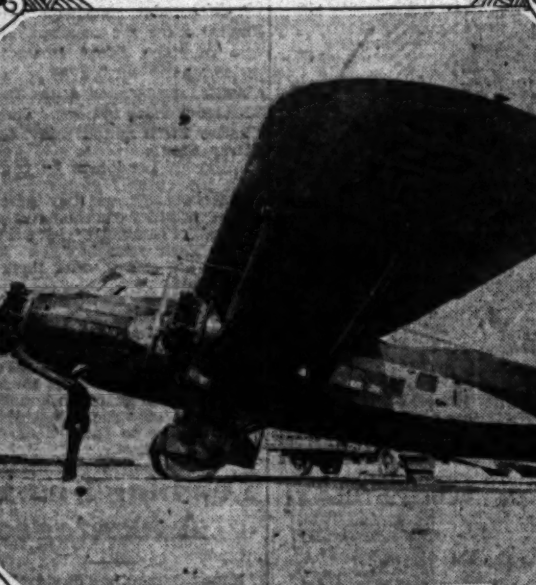

TERPSICHOEAN INTRICACIES TO FEATURE EXTRAVAGANZA

It's "Hey, hey, watch your step!" among the co-eds at the University of Southern California who are practicing for the annual collegiate extravaganza. Books and pencils are getting only second call these afternoons while the girls who are the cream of campus pulchritude go through their pory chore steps. Three choruses are doing their stuff in the musical revue, "College Days," to be presented in Board Auditorium on April 11, 12 and 13. Arlowyn Hohn and William Ford have the leads in the production. Here is a group of co-eds in training for chorus-girl maneuvers.

Sky Liner Lights Here for Visit

Largest Passenger Plane

The Patrician as it appeared after landing here yesterday. The man inspecting left wing motor gives an idea of the plane's size.

Largest Passenger Plane

The Patrician as it appeared after landing here yesterday. The man inspecting left wing motor gives an idea of the plane's size.

LEVIATHAN OF AIR ARRIVES

Twenty-Passenger Plane Patrician Makes Last Leg of Trip from Phoenix in Four Hours

The Leviathan of air-transport planes, the twenty-passenger Keystone Patrician, dropped into the Grand Central Air Terminal at Glendale yesterday shortly after noon. Despite its huge bulk, Capt. St. Clair Street, chief of the flight test division of the army at Wright Field, who was at the controls, "set it down" as lightly as a pursuit ship.

The plane made the flight from Phoenix, going by way of Tuma in four hours in the face of stiff head winds.

HERE FOR FEW DAYS

Among the passengers carried on the flight from Phoenix were Edgar Gott, president of the Keystone Aircraft Corporation of Bristol, Pa., builders of the plane; C. L. Klaxon, representative of the Wright Aircraft Corporation; John G. Runney of the Detroit Steel Products Company; Donald E. Forker, representative of the Union Oil Company who met the plane at El Paso; Ken G. Frazer, executive assistant of the Keystone Corporation and co-pilot of the plane; and the two mechanics, J. Y. Lichtenwalner and C. A. Lupole.

The plane will remain in Los Angeles three or four days before it is flown to Oakland and San Francisco. If the weather permits the big ship will be taken on up to Seattle, and if not will return East by way of Los Angeles.

WING SPREAD 85 FEET

The Patrician, which has a wing spread of eighty-eight feet and over-all length of sixty-three feet, is the largest passenger plane in operation in the United States today, and according to Mr. Gott is the first one of twenty-four of that size to be completed by his company. The other planes in the line are completed will be used on the newly created Pan-American, Transcontinental Air Transport, Southern Airways and Central Lines, Inc. passenger routes, he said. Mr. Gott also stated that the Patrician is a forerunner of a thirty-six-passenger plane which is now being designed by the aeronautical engineers of his company.

The three 325-horsepower Wright Cyclone engines with which the Patrician is powered are capable of driving the ship through the air at a cruising speed of from 120 to 130 miles an hour, and a high speed of 150 miles an hour.

NEWEST LOUNGE CARS WILL BE CONVENIENT

All the conveniences of an up-to-date bungalow will be found in ten new all-steel lounge cars just ordered by the Southern Pacific Company, according to an announcement yesterday. Each car will contain a large observation compartment, a buffet, a den, two bathrooms, a barber-shop and a woman's hair-dressing parlor. Furnishings will consist of upholstered chairs, davenport, writing desks, card tables, book-shelves, telephones and radio connections. The cars, designed by the Southern Pacific motive power department, will measure 80 feet, 5 inches in length.

SCHOOL OF THERAPY WILL MEET IN JUNE

The eleventh annual session of the Western School of Physical Therapy will be held at the Alexandria June 17 to 20, under the direction of Dr. Burton B. Grover and his staff of instructors. Following the session, the Pacific Physiotherapy Association will hold its annual meeting at the same hotel.

Mrs. Ota Rites Delayed to May

Funeral services for Mrs. Lucy Banning Ross Ota, who died of influenza in Florence, Italy, will be delayed until May, it was announced yesterday. The body is on the way to Los Angeles from New York and will arrive here at 9:15 a.m. Friday. Accompanying the body is Setsuna Ota, Japanese artist-husband of the former Southern California belle.

Upon arrival here the body will be taken to a vault of the Garrett Brothers' undertaking establishment and held until the arrival from Europe of Mrs. Mary Banning Norris, sister of Mrs. Ota. Mrs. Norris had planned to accompany the remains, but business affairs halted her trip until later.

WIFE RESENTS MONEY SPENT AT RACE TRACK

Mrs. Marjorie L. Cofl did not object to the school when her husband played the horse races, but she did strenuously complain when he used up all the money that should have gone to the support of his family, she testified before Superior Judge Yankovich yesterday when asking for a divorce from Harvey A. Cofl.

A decree was granted. The couple married on April 27, 1920, and separated on September 25, 1923, according to the complaint.

SMALL SCHOOL FINDS ORATORS

Interest in Contest Grows in Rural Districts

Victorville, Barstow and Needles Entered

Field Representative Reports High Enthusiasm

"Far exceeding previous years, the interest being shown by the secondary schools of the San Diego county, Imperial Valley and the

smaller communities of San Bernardino county in the Sixth National and Fourth International Oratorical Contest, is most gratifying," said Charles S. Sprague yesterday. Mr. Sprague, field representative of The Times oratorical contest department, has spent ten days visiting practically every high school in San Diego and Imperial counties and a portion of San Bernardino county east of San Bernardino.

"The high schools of Victorville, Barstow and Needles have entered for the first time this year," he reports. "These schools will hold their local contest and each school a winner to compete in an elimination at Barstow. There is a splendid spirit of rivalry."

PAPER SUPPORT STRONG

"It is also gratifying to note the enthusiastic support that is being given by the various newspapers of the different communities. W. H. Marsh of Victorville, for example, is voicing the sentiment of the press generally of Southern California, when he said, 'It is the duty of every public servant, as I regard the newspaper to be to contribute in every way to the success of this great Americanizing effort of the constitutional contest. I am glad we are being permitted to play a part, although it be a very modest one.'"

"I also found that in practically every instance the local service clubs such as Rotary and Kiwanis are offering special prizes. In some of the smaller towns enough prizes have been offered so that each of the five or six contestants in the local elimination will receive a token."

"At Point Loma High School it had been decided not to enter as members of the faculty felt that there was only one student who indicated oratorical ability. This student was called out of class and responded to the discussion by saying, 'I will be glad to work hard and do my best to represent the school if you care to have me try.'"

"Of course, we will enter," said P. W. Ross, principal. "Miss Kummer, who formerly coached contestants at Denver, gladly consented to work additional hours in the effort to produce a winner."

CORONADO ALSO ENTERS

"Coronado High School also had not intended to enter, but four students were called into conference with the result that all agreed to prepare orations and Coronado is now in the race. This school specializes in theatricals and is said to present the best high-school theatricals in the State."

"I found the interest especially keen at the Central Union High School of El Centro. Twenty students are preparing orations at Calexico High School and a like number at Holtville. Grosmont Union High School of La Jolla is also participating in the contest for the first time this year."

Sweetwater High School of National City has a large group of contestants and will hold a final with eight competitors."

Y. E. Westry won first place in the finals of Phineas Banning High School yesterday with Mary Smith as second choice. The judges were Miss Florence Kelley, principal of the Fries Avenue School; Mary L. Parker, president of the Business and Professional Women's Club of Wilmington; and George W. Shunk, an attorney of Wilmington.

Westry has been invited to give his oration at the Junior Club luncheon at the Biltmore, the 26th inst.

Executrix Named After Estate Row

Mrs. Consuello Castillo, law clerk, is the proper executrix for the estate of her grandmother, Maria Jesus Engelhardt, Palms pioneer. Superior Judge Archbold decided yesterday when he appointed her over the protest of other relatives. Capt. Charles Castillo of the local fire department, uncle of Mrs. Castillo, opposed the appointment, stating that the request that the young woman be appointed was written in after the will had been signed and was for both sides gave a conflicting testimony.

Wife Resents Money Spent at Race Track

Mrs. Marjorie L. Cofl did not object to the school when her husband played the horse races, but she did strenuously complain when he used up all the money that should have gone to the support of his family, she testified before Superior Judge Yankovich yesterday when asking for a divorce from Harvey A. Cofl.

A decree was granted. The couple married on April 27, 1920, and separated on September 25, 1923, according to the complaint.

CHINA RELIEF PLEA ISSUED

Quota of \$50,000 Expected to be Filled by Sunday; Southland Committee Named

Southern Californians are expected to fill a quota of \$50,000 by next Sunday as their share in an international drive under the auspices of the China Famine Relief to relieve 12,000,000 Chinese famine victims, it was announced last night by George L. Eastman, chairman of the Southern California committee of the relief organization.

AUTO THEFT SUSPECTS BOUND OVER

Six Believed Members of Gigantic Ring Held After Separate Hearings

Six members of an asserted automobile theft ring which deputies at the Sheriff's office declare is one of the largest ever operating in Southern California, were ordered to appear for trial on charges of grand theft and receiving stolen property by Municipal Judge McConnell yesterday.

The gang, according to Dep. Dist. Atty. Riddle, specialized in small cars, which were sold after the numbers had been changed with special dies and false ownership certificates obtained. He expects the number of stolen cars recovered to total more than 100 before the case is closed.

Separate hearings were held for each of the six defendants. Joseph W. Wain, proprietor of a used car market at Redlands, was held under \$5000 bail for trial by Superior Court on five counts of grand theft and five of receiving stolen property, as also was Hiram C. Williams of 541 West One Hundred and Ninth street, Carl E. Williams, 1618 1/2 East Eighty-seventh street, will be tried on four counts each of grand theft and receiving stolen property. His bail was set at \$5000. The same amount of bail was set for E. W. Behling, said by officers to be the "go-between" who sold the stolen cars to used car dealers. He is held on three counts of grand theft and receiving stolen property. Bail was set at \$5000 for Luke Gatlin, 9108 Beech street, on two counts of grand theft and two of receiving stolen property, and for Fred Augustus P. Scott, on one count of each.

WHAT MONEY WILL DO

It is quoted at local headquarters that \$1000 will save several small villages, \$500 will save one large village, \$100 will save one small village, and \$1 will save one person one month. It is estimated that 20,000,000 Chinese will be destitute within two months unless outside aid is furnished.

Included on the Southern California committee, appointed by Dr. R. Parkes Cadman, general chairman of the national organization, are E. M. Bouquet, C. Chapman, J. Dabney Day, Frank E. Eckhart, D. K. Edwards, Dr. Harold E. Griffin, Dr. L. T. Guild, Dr. Elmer H. Helms, Dr. George H. Kinsman, James H. Lamb, Dr. Stewart P. MacLennan, Robert Edgar F. Magnin, George W. Markon, C. L. D. Moore, Dr. Ernest C. Moore, Dr. R. Ryland, Bishop W. Bertrand Stevens, Dr. R. B. Voe Klein, Dr. Hugh K. Walker and Rabbi Mayer Winkler.

Patricide Trial Will Hinge on Sanity Hearing

Hearing on the sanity of Carl Westcott, charged with the murder of his father, Charles Westcott, got under way yesterday in Judge Wood's court with three attorneys testifying that in their opinion Westcott is mentally unsound and unable to present a defense to the murder accusation.

Should Westcott be adjudged insane at the present time, or if the jury decides that he is incapable mentally of entering a defense to the murder charge, twelve assisting his counsel to conduct his defense during the trial, the murder charge would be suspended and the defendant be committed to a State institution. If he is found to be sane at this hearing he will go on to the fourth time on the murder charge.

In Westcott's previous trial on the murder charge the case resulted in two convictions and a disagreement of the jury. The convictions were set aside and new trials ordered.

Alonzo who testified yesterday are Dr. E. H. Steele, Charles L. Allen and Martin G. Carter, who have had Westcott under observation for two weeks. Marcus L. Roberts and Paul Schenck, Westcott's attorneys, also testified briefly regarding the defendant's mental condition.

Higgins Estate Loses Its Plea for New Trial

Following a short hearing Superior Judge Burnell yesterday denied the motion for a new trial to the Higgins estate in the condemnation proceedings brought by the city in the matter of the opening of Broadway from Pico Boulevard to Santa Barbara avenue.

Several times in the past week a decision several hundred cases in the opening proceedings, making awards ranging from a few hundred dollars to many thousands of dollars.

The Higgins estate, which was awarded \$5000.25, asked approximately \$1000 more.

According to Attorney J. Wiseman MacDonald, unless the city arbitrates the case the matter will be appealed.

Woman Seeks Another Trial

Motion for a new trial by Mrs. Eunice McMillen Martin, convicted by a jury of outraging public decency by writing letters and inciting about the Hickman case, yesterday delayed Municipal Judge Sheldon in imposing sentence for the offense.

The motion will be heard on the 18th inst. If it is denied, Judge Sheldon will impose sentence at that time.

TRAINING SCHOOL FOR OFFICERS ANNOUNCED

The annual training school for new officers of the One Hundred and Sixtieth Infantry stationed at the Army in Exposition Park will open on May 2 according to an announcement just made by Col. Harcourt Hervey, commanding. Applications for the school now are being made. All young men who have had any military experience at all are eligible to apply for admission to the school. The course will last one year, is under the direction of Capt. Ralph C. G. Nemo, United States Army, attached to the One Hundred and Sixtieth Infantry, and will be given in the One Hundred and Sixtieth. It is expected that this year's course will be largely attended.

Weather Today in City Will Be Generally Fair

Generally fair weather, except along the coast, will prevail in Los Angeles and vicinity today and tomorrow, the United States Weather Bureau forecast last night. The temperature will be moderate to warm, with light to moderate winds. Gusts and fairly brisk winds prevailed yesterday, the velocities depending upon the many local conditions affecting the temperature. A thing as air when it takes a long time to go somewhere. The official bureau instrument showed a temperature of 72 degrees at 8 a.m. when the mercury was down 4 degrees. The warmest was 80 degrees at 2 p.m.

The Southern California Edison Company received reports that the fire Creek and Huntington Lake areas of the high Sierras watersheds, it looked as if a new storm might be forming.

Snow still lies in some of the canyons of Big Pine County Park, San Bernardino Mountains, where a Sunday snowfall was reported. A snow report was reported at Escondido yesterday, which added 97 inches to the seasons total there.

Race Promoter Flies Troubles

C. C. Fyle, promoter of the "dumb derby" and other professional sporting events, left Los Angeles for parts unknown in an airplane about a week ago. This was learned yesterday by deputy sheriffs when they looked for him at 615 North Van Ness avenue at the request of Sheriff J. D. Stephens. The criminal stated in telegraphic advices that the former partner of "Red" Grange is wanted there on a charge of conspiracy.

No details of the asserted conspiracy were mentioned, but it was said the promoter's bail had been fixed at \$25,000. Another man, E. K. McNeven, was named with Fyle in connection with the same charge.

Executrix Named After Estate Row

Mrs. Consuello Castillo, law clerk, is the proper executrix for the estate of her grandmother, Maria Jesus Engelhardt, Palms pioneer. Superior Judge Archbold decided yesterday when he appointed her over the protest of other relatives. Capt. Charles Castillo of the local fire department, uncle of Mrs. Castillo, opposed the appointment, stating that the request that the young woman be appointed was written in after the will had been signed and was for both sides gave a conflicting testimony.

MOTORIST

TO ANSWER FOR DEATHS

Man Accused of Killing Three in Safety Zone to Face Manslaughter Trial

Testimony by Georgia Ueberseing, 18 years of age, and her sister Quina Ueberseing, 24, who reside at 2349 Longwood avenue, said they saw an automobile driven by Altiman, 44, crash into a crowded safety zone at Washington Boulevard and Vermont avenue February 2 last, resulting in the deaths of three persons, one of whom was being held for trial by Superior Court on the charge of manslaughter. Municipal Judge McDill, before whom the preliminary hearing was held at 4000 Commercial street, set the trial for 9 a. m. at the county jail.

The two girls, with their brother Richard, 15, of Steelman, newspaper boy who lives at 2419 Longwood avenue, and many other witnesses, told of the crash, which resulted in the death of George Miller, 35, of 2048 1/2 street, and his wife, Betty, 35, of 2154 Spaulding avenue, and Addie Bissell, 64, of 2344 Hillcrest street. The three were in the safety zone when Altiman, who drove a car at high speed, they declared, crashed into the zone.

County Auditor Burgess Wagner, introduced as a witness by Dep. Dist. Atty. Stahlman, declared that Miller died on the 1st inst. Little Betty Bissell on the 3rd inst. and Mrs. Bissell on the 4th inst., as a result of injuries received in the crash.

Altiman was originally charged with manslaughter on account of the death of Miller but Judge McDill added additional commitments covering the two other deaths.

Building Gets Too Close to Property Line

People should not build two-story powder houses on property lines, V. J. Fowler tried it and landed in Superior Judge Gould's court yesterday on injunction proceedings.

Mrs. Frances Le Febvre told the judge that Fowler tried to get an injunction against her putting up a fence on her property line because the building, which resulted in the operations.

"But he didn't need to put his old apartment across my wall," Fowler said. "He was in the wrong."

Fowler said he agreed with her, and was in an injunction against Fowler, who made an oath on his hands. The problem of plastering his house from the inside, as he can't erect a fence, Fowler said, was his property without bringing deputy sheriffs down about his ears, so to speak.

UNERAL RITES FRIDAY FOR GEORGE EASTON

Funeral services will be conducted Friday at 2 p. m. from the William Brothers Funeral Parlor, 6240 Hollywood boulevard, for George Easton, 47, of Martinsville, Ind., who died here Monday from injuries received in an automobile accident last week. Word of his death was received yesterday by his sister, Mrs. Wallace W. Fox, of 308 South Broadway, who is in the city in addition to Mrs. Fox, Easton, who was 40 years of age and a medical student at Indiana University, leaves a widow and three children.

He was a member of the Mexican Order and of the Kappa Sigma and Phi Beta Psi fraternities. He was a member of the University of Pennsylvania last December, while employed on the staff of Ed-in Carew, film director.

ENGINEERS' CLUB TO HONOR EX-PRESIDENTS

Los Angeles civil engineers will celebrate the fifteenth anniversary of the establishment of the Los Angeles section of the American Society of Civil Engineers tonight at the Engineers' Club. The fifteen ex-presidents will be honored guests at the banquet.

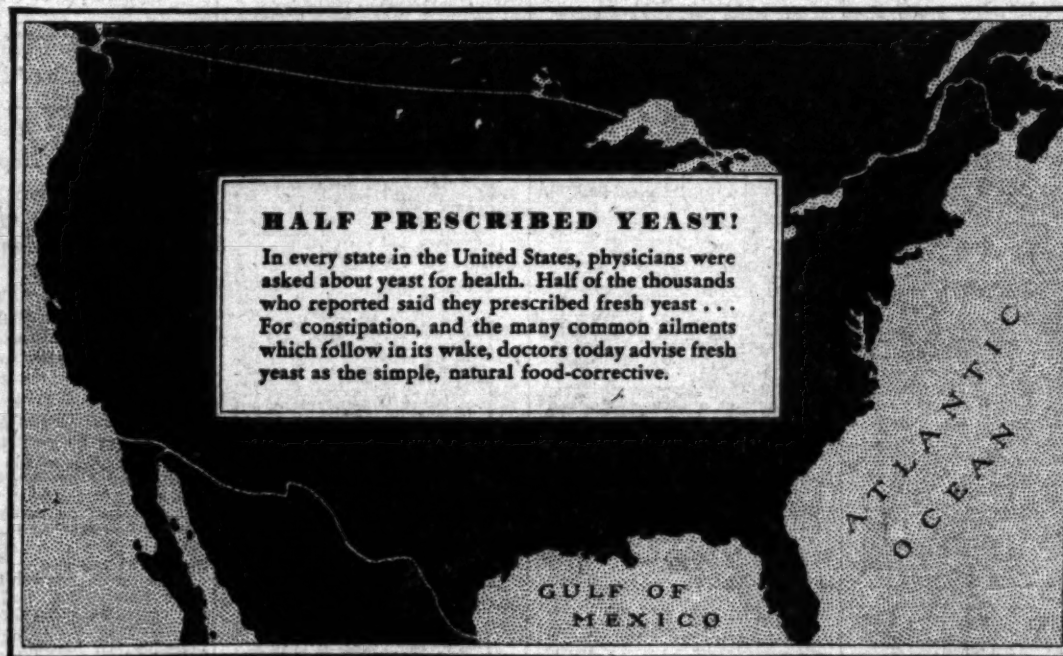

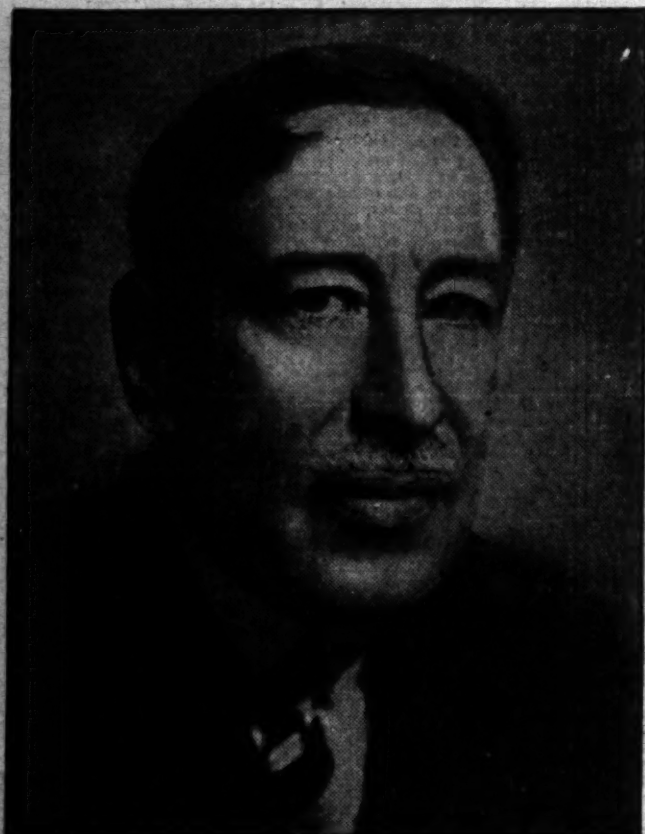

TEXANS DEBATE HERE

The debating team of the University of California at Los Angeles will defend the present jury system in a foreign contest Friday afternoon at Baylor University, Waco, Tex. The subject of the debate will be: "Resolved, That the Substitution for Trial by Jury of the Jury System of the United States will be in Millispaugh Hallatorium on the U.C.L.A. campus. Speakers for the local university will be Robert Keith and Irvin Schuchalter.

ADITS' HOUSE

Handstands ended the bank shortly after it opened yesterday morning and forced the trial into the street. They then helped themselves to all the money in sight, which totaled \$2700, and absconded. No one learned if they landed on feet or in an automobile.

One was described as being about 25 years of age, five feet six inches in height, 170 pounds in weight and wore a blue suit. The other was said to be about 35, five feet eleven inches in height, 170 pounds in weight

DR. GEORGE PARRISH, well-known Health Officer of Los Angeles, Cal.; for 8 years Health Commissioner of Portland, Ore. From his experience in public health and hospital work he says: "Constipation is the bane of existence—the enemy of the human race. Yeast relieves constipation by stimulating the intestine, not by irritating it. It benefits the entire system by eliminating the poisons and waste products of the body."

DEAN H. H. RUSBY, M. D., Professor of Physiology, College of Pharmacy, Columbia University, says in his forthcoming book, "Materia Medica": "Yeast cleanses the system. In continued small doses it is often of service in overcoming habitual constipation. Its effect is to promote appetite and digestion... For 40 years I have lectured to students on the value of yeast in these directions."

DR. IRA L. HILL, prominent New York physician and abdominal surgeon. Consultant, Booth Memorial Hospital; Associate, Woman's Hospital and Flower Hospital. He says: "Skin eruptions frequently come from sluggishness of the bowels. More important general disorders often are due to the same cause. I know of nothing better than fresh yeast, taken regularly, to combat constipation and its associated ailments."

Leading Physicians of Europe and America give this simple Health Advice

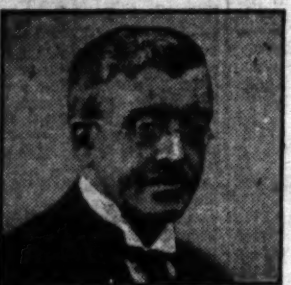

DR. CLEMENT SIMON, skin specialist, St. Michel Hospital, Paris; Officer, Legion of Honor. He says: "Fresh yeast has properties which are certain in the treatment of some skin troubles and especially boils. The eating of yeast introduces into the system substances endowed with powerful biological activities."

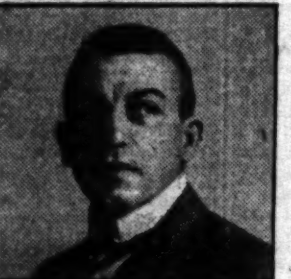

PROF. DR. ADOLF CLUSS, international authority on nutrition; Professor, Hochschule für Bodenkultur, Vienna; member, International Institute of Agriculture, Rome. He states: "Yeast can be called a food-stuff, a medicament, a means of strengthening and building up the body. It helps nutrition and promotes health and physical and mental well-being."

DR. EDWARD EHLERS, Copenhagen skin specialist of international fame; lecturer, Academy of Medicine, Paris. He says: "I have invariably prescribed yeast in all cases of boils, as well as in rebellious cases of acne. The effect of yeast upon boils is surprising and incontestable."

PROF. DR. PAUL REYHER, lecturer, University of Berlin, on vitamins, X-Ray and Pediatrics; Director, Children's Hospital, Berlin. He says: "The Vitamin B in yeast stimulates the appetite, regulates metabolism, promotes growth and increases bodily resistance to infection. The medicinal uses of yeast are more many-sided than is generally assumed."

OVER three-quarters of a century ago the English physician, Dr. Mosse, startled the medical world with his announcement of amazing health benefits in a simple, long-familiar food.

Today this famous food—fresh yeast—is hailed by medical men on both sides of the Atlantic as the great natural corrector for constipation and kindred ills.

For more abundant energy, clear skin, happiness and success, doctors say, you must keep your intestines clean, active, healthy. Not with harsh cathartics but with the protective food—fresh yeast.

Fleischmann's Yeast is fresh.

Unlike dried or "killed" yeast, it contains millions of tiny, living yeast plants. As these pass through your intestine daily they combat harmful poisons, purify.

Eat 3 cakes daily, one before or between meals: plain or dissolved in water either cold or hot—not hotter than you can drink.

At all grocers and many leading cafeterias, soda fountains and lunch counters. Buy 2 or 3 days' supply at a time and keep in any cool, dry place.

90% of ills start here

From throat to colon is one continuous tube. When the colon is clogged, poisons spread throughout the system. That is how most ills begin—colds, headaches, indigestion, bad skin, "nerves"... But here Fleischmann's Yeast works, keeping your intestines clean, active, healthy. Start today! For full benefit you must eat it regularly and over a sufficient period.

Two Families Sufferers
in Casualty Record;
One Babe Escapes

LIBERTY (S. C.) March 12. (AP)—Seven persons are known to have been killed and an undetermined number of others injured tonight when a tornado struck the Six Mile community near here. Four houses were blown down and a cotton gin, a church and a building of the Six Mile Academy damaged.

O. N. Garrett, Pickens county deputy sheriff, his wife and two children were crushed to death when their home collapsed. Mrs. Thomas Garrett and two of her children were killed in the collapse of a near-by home.

All physicians in Pickens and Liberty were called to the scene and the injured are being cared for in the hospital in the Six Mile Academy, a Baptist preparatory school. The community, which numbers about 200 persons, was cut off as the telephone lines went down. The damage was centered in a radius of a few hundred yards. In the infant of Mrs. Thomas Garrett was blown some 300 yards by the tornado and was lost for an hour, but was found later not seriously injured.

Eaker Hop Set for Saturday

SAN ANTONIO (Tex.) March 13. (AP)—Capt. Ira C. Eaker plans to hop from Brownsville, Tex., Saturday morning on his dawn-to-dusk flight from that city to France Field, Panama Canal Zone. If weather conditions are favorable, he made an announcement this afternoon that he would make the flight.

Delaware Aims at Pocket Flask

DOVER (Del.) March 13. (AP)—The state legislature today passed a bill designed to make a "pocket flask" a misdemeanor for anyone having liquor on his person other than in the home. The bill is aimed principally at the yellow flask.

NEW YORK'S ASSEMBLY KILLS ENFORCING BILL

ALBANY (N. Y.) March 13. (AP)—The Assembly today killed the state prohibition enforcement bill. First the House refused to accept the Senate Committee report of the bill, which would amend the law to allow only to beverages containing more than 5 per cent alcohol. The bill was then recommitted to the committee.
